

## EUROPEAN EDUCATION AND CULTURE EXECUTIVE AGENCY (EACEA)

EACEA.B – Creativity, Citizens, EU values and Joint operations  
**B.3 – Citizens and EU Values**

### GRANT AGREEMENT

#### **Project 101091253 — Equality**

#### **PREAMBLE**

This **Agreement** ('the Agreement') is **between** the following parties:

**on the one part,**

the **European Education and Culture Executive Agency (EACEA)** ('EU executive agency' or 'granting authority'), under the powers delegated by the European Commission ('European Commission'),

**and**

**on the other part,**

1. 'the coordinator':

**OBEC TOMASIKOVO (TOMASIKOVO)**, PIC 913407388, established in HLAVNA 319, TOMASIKOVO 925 04, Slovakia,

Unless otherwise specified, references to 'beneficiary' or 'beneficiaries' include the coordinator and affiliated entities (if any).

If only one beneficiary signs the grant agreement ('mono-beneficiary grant'), all provisions referring to the 'coordinator' or the 'beneficiaries' will be considered — mutatis mutandis — as referring to the beneficiary.

The parties referred to above have agreed to enter into the Agreement.

By signing the Agreement and the accession forms, the beneficiaries accept the grant and agree to implement the action under their own responsibility and in accordance with the Agreement, with all the obligations and terms and conditions it sets out.

The Agreement is composed of:

Preamble

Terms and Conditions (including Data Sheet)

- Annex 1 Description of the action<sup>1</sup>
- Annex 2 Estimated budget for the action
- Annex 3 Accession forms (if applicable)<sup>2</sup>
- Annex 3a Declaration on joint and several liability of affiliated entities (if applicable)<sup>3</sup>
- Annex 4 Model for the financial statements
- Annex 5 Specific rules (if applicable)

ARTICLE 44 — ENTRY INTO FORCE.....	58

## DATA SHEET

### 1. General data

Project summary:

Project summary
<p>The main objective of the project is to support the equality between European nations, between the majority and minorities. Equality means struggling for equal position for everyone, regardless of nationality, age, or gender. Equality in the project will be achieved by striving for tolerance, non-discrimination, and mutual dialogue. The project will be implemented by citizens of five EU countries. There will be representatives of municipalities and ordinary citizens as well as members of ethnical minorities. There will be the Roma minority (living in the municipalities of Tomášikovo, Svitávka, and Naszály), and Hungarian minority (living in Tomášikovo and Borsec). Minorities are often marginalized; therefore, it is difficult to talk about equality. The project has to change this and help the minority members to move to the level of majority. The activities will put special emphasis on equal engagement and participation of minorities. Several activities will be directly connected to the issue of minorities. They will help in mitigating differences and developing mutual tolerance. Another important element is cultural and linguistic diversity of minorities and the five present nations. Culture will represent the element of mutual connections and destroying prejudices. Increased interest in the EU is another important element of the project. The EU represents a uniting element nowadays. We find it important that citizens shall be more widely engaged in the EU, and the EU shall be considered a place of solidarity and peace. Raising awareness about the EU and discussion about the EU-related issues will help in developing the stronger sense of responsibility for the European project. People associating themselves with the EU will form the base for strengthening the partnership from inside.</p>

Keywords:

- EU integration
- Inter-cultural dialogue
- Equality
- European identity
- Local authorities
- Town twinning

Project number: 101091253

Project name: Call for equality

Project acronym: Equality

Call: CERV-2022-CITIZENS-TOWN

Topic: CERV-2022-CITIZENS-TOWN-TT

Type of action: CERV Lump Sum Grants

Granting authority: European Education and Culture Executive Agency

Grant managed through EU Funding & Tenders Portal: Yes (eGrants)

Project starting date: first day of the month following the entry into force date

Project end date: starting date + months of duration

Project duration: 12 months

Consortium agreement: No

- OBEC TOMASIKOVO (TOMASIKOVO)

**3. Grant****Maximum grant amount, total estimated eligible costs and contributions and funding rate:**

Maximum grant amount (Annex 2)	Maximum grant amount (award decision)
30 000.00	30 000.00

**Grant form:** Lump Sum**Grant mode:** Action grant**Budget categories/activity types:** Lump sum contributions**Cost eligibility options:** n/a**Budget flexibility:** No**4. Reporting, payments and recoveries****4.1 Continuous reporting** (art 21)**Deliverables:** see Funding & Tenders Portal Continuous Reporting tool**4.2 Periodic reporting and payments****Reporting and payment schedule** (art 21, 22):

Reporting					Payments	
Reporting periods			Type	Deadline	Type	Deadline (time to pay)
RP No	Month from	Month to				
					Initial prefinancing	n/a
					Final payment	90 days from receiving periodic report
1	1	12	Periodic report	60 days after end of reporting period		

**Prefinancing payments and guarantees: n/a**

**Reporting and payment modalities (art 21, 22):**

Mutual Insurance Mechanism (MIM): No

Restrictions on distribution of initial prefinancing: The prefinancing may be distributed only if the minimum number of beneficiaries set out in the call conditions (if any) have acceded to the Agreement and only to beneficiaries that have acceded.

Interim payment ceiling (if any): 100% of the maximum grant amount

No-profit rule: n/a

Late payment interest: ECB + 3.5%

Bank account for payments:

SK9602000000001590405757

Conversion into euros: n/a

Reporting language: Language of the Agreement or other EU official language, if specified in the call conditions

**4.3 Certificates (art 24): n/a**

**4.4 Recoveries (art 22)**

**First-line liability for recoveries:**

Beneficiary termination: Beneficiary concerned

Final payment: Coordinator

After final payment: Beneficiary concerned

**Joint and several liability for enforced recoveries (in case of non-payment):**

Limited joint and several liability of other beneficiaries — up to the maximum grant amount of the beneficiary

Joint and several liability of affiliated entities — n/a

**5. Consequences of non-compliance, applicable law & dispute settlement forum**

**Applicable law (art 43):**

Standard applicable law regime: EU law + law of Belgium

**Dispute settlement forum (art 43):**

Standard dispute settlement forum:

EU beneficiaries: EU General Court + EU Court of Justice (on appeal)

Non-EU beneficiaries: Courts of Brussels, Belgium (unless an international agreement provides for the enforceability of EU court judgements)

**6. Other**

**Specific rules (Annex 5): Yes**

**Standard time-limits after project end:**

Confidentiality (for X years after final payment): 5

Record-keeping (for X years after final payment): 5 (or 3 for grants of not more than EUR 60 000)

Reviews (up to X years after final payment): 5 (or 3 for grants of not more than EUR 60 000)

Audits (up to X years after final payment): 5 (or 3 for grants of not more than EUR 60 000)

Extension of findings from other grants to this grant (no later than X years after final payment): 5 (or 3 for grants of not more than EUR 60 000)

Impact evaluation (up to X years after final payment): 5 (or 3 for grants of not more than EUR 60 000)

## **CHAPTER 1 GENERAL**

### **ARTICLE 1 — SUBJECT OF THE AGREEMENT**

This Agreement sets out the rights and obligations and terms and conditions applicable to the grant awarded for the implementation of the action set out in Chapter 2.

### **ARTICLE 2 — DEFINITIONS**

For the purpose of this Agreement, the following definitions apply:

**Actions —** The project which is being funded in the context of this Agreement.

**Grant —** The grant awarded in the context of this Agreement.

**EU grants —** Grants awarded by EU institutions, bodies, offices or agencies (including EU executive agencies, EU regulatory agencies, EDA, joint undertakings, etc.).

**Participants —** Entities participating in the action as beneficiaries, affiliated entities, associated partners, third parties giving in-kind contributions, subcontractors or recipients of financial support to third parties.

**Beneficiaries (BEN) —** The signatories of this Agreement (either directly or through an accession form).

**Affiliated entities (AE) —** Entities affiliated to a beneficiary within the meaning of Article 187 of EU Financial Regulation 2018/1046<sup>4</sup> which participate in the action with similar rights and obligations as the beneficiaries (obligation to implement action tasks and right to charge costs and claim contributions).

**Associated partners (AP) —** Entities which participate in the action, but without the right to charge costs or claim contributions.

**Purchases —** Contracts for goods, works or services needed to carry out the action (e.g. equipment, consumables and supplies) but which are not part of the action tasks (see Annex 1).

**Subcontracting —** Contracts for goods, works or services that are part of the action tasks (see Annex 1).

**In-kind contributions —** In-kind contributions within the meaning of Article 2(36) of EU Financial

---

<sup>4</sup> For the definition, see Article 187 Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012 ('EU Financial Regulation') (OJ L 193, 30.7.2018, p. 1): "**affiliated entities** [are]:

- (a) entities that form a sole beneficiary [(i.e. where an entity is formed of several entities that satisfy the criteria for being awarded a grant, including where the entity is specifically established for the purpose of implementing an action to be financed by a grant)];
- (b) entities that satisfy the eligibility criteria and that do not fall within one of the situations referred to in Article 136(1) and 141(1) and that have a link with the beneficiary, in particular a legal or capital link, which is neither limited to the action nor established for the sole purpose of its implementation".

Regulation 2018/1046, i.e. non-financial resources made available free of charge by third parties.

**Fraud** — Fraud within the meaning of Article 3 of EU Directive 2017/1371<sup>5</sup> and Article 1 of the Convention on the protection of the European Communities' financial interests, drawn up by the Council Act of 26 July 1995<sup>6</sup>, as well as any other wrongful or criminal deception intended to result in financial or personal gain.

**Irregularities** — Any type of breach (regulatory or contractual) which could impact the EU financial interests, including irregularities within the meaning of Article 1(2) of EU Regulation 2988/95<sup>7</sup>.

**Grave professional misconduct** — Any type of unacceptable or improper behaviour in exercising one's profession, especially by employees, including grave professional misconduct within the meaning of Article 136(1)(c) of EU Financial Regulation 2018/1046.

**Applicable EU, international and national law** — Any legal acts or other (binding or non-binding) rules and guidance in the area concerned.

**Portal** — EU Funding & Tenders Portal; electronic portal and exchange system managed by the European Commission and used by itself and other EU institutions, bodies, offices or agencies for the management of their funding programmes (grants, procurements, prizes, etc.).

## **CHAPTER 2 ACTION**

### **ARTICLE 3 — ACTION**

The grant is awarded for the action **101091253 — Equality** ('action'), as described in Annex 1.

### **ARTICLE 4 — DURATION AND STARTING DATE**

The duration and the starting date of the action are set out in the Data Sheet (see Point 1).

## **CHAPTER 3 GRANT**

### **ARTICLE 5 — GRANT**

#### **5.1 Form of grant**

<sup>5</sup> Directive (EU) 2017/1371 of the European Parliament and of the Council of 5 July 2017 on the fight against fraud to the Union's financial interests by means of criminal law (OJ L 198, 28.7.2017, p. 29).

<sup>6</sup> OJ C 316, 27.11.1995, p. 48.

<sup>7</sup> Council Regulation (EC, Euratom) No 2988/95 of 18 December 1995 on the protection of the European Communities financial interests (OJ L 312, 23.12.1995, p. 1).

The grant is an action grant<sup>8</sup> which takes the form of a lump sum grant for the completion of work packages.

## 5.2 Maximum grant amount

The maximum grant amount is set out in the Data Sheet (see Point 3) and in the estimated budget (Annex 2).

## 5.3 Funding rate

Not applicable

## 5.4 Estimated budget, budget categories and forms of funding

The estimated budget for the action (lump sum breakdown) is set out in Annex 2.

It contains the estimated eligible contributions for the action (lump sum contributions), broken down by participant and work package.

Annex 2 also shows the types of contributions (forms of funding)<sup>9</sup> to be used for each work package.

## 5.5 Budget flexibility

Budget flexibility does not apply; changes to the estimated budget (lump sum breakdown) always require an amendment (see Article 39).

Amendments for transfers between *work packages* are moreover possible only if:

- the work packages concerned are not already completed (and declared in a financial statement) and
- the transfers are justified by the technical implementation of the action.

# ARTICLE 6 — ELIGIBLE AND INELIGIBLE CONTRIBUTIONS

## 6.1 and 6.2 General and specific eligibility conditions

Lump sum contributions are eligible ('eligible contributions'), if:

- (a) they are set out in Annex 2 and
- (b) the work packages are completed and the work is properly implemented by the beneficiaries and/or the results are achieved, in accordance with Annex 1 and during in the period set out in Article 4 (with the exception of work/results relating to the submission of the final periodic report, which may be achieved afterwards; see Article 21)

They will be calculated on the basis of the amounts set out in Annex 2.

<sup>8</sup> For the definition, see Article 180(2)(a) EU Financial Regulation 2018/1046: '**action grant**' means an EU grant to finance "an action intended to help achieve a Union policy objective".

<sup>9</sup> See Article 125 EU Financial Regulation 2018/1046.

### 6.3 Ineligible contributions

‘Ineligible contributions’ are:

- (a) lump sum contributions that do not comply with the conditions set out above (see Article 6.1 and 6.2)
- (b) lump sum contributions for activities already funded under other EU grants (or grants awarded by an EU Member State, non-EU country or other body implementing the EU budget), except for the following case:
  - (i) Synergy actions: not applicable
- (c) other:
  - (i) country restrictions for eligible costs: not applicable.

### 6.4 Consequences of non-compliance

If a beneficiary declares lump sum contributions that are ineligible, they will be rejected (see Article 27).

This may also lead to other measures described in Chapter 5.

## **CHAPTER 4 GRANT IMPLEMENTATION**

### **SECTION 1 CONSORTIUM: BENEFICIARIES, AFFILIATED ENTITIES AND OTHER PARTICIPANTS**

#### **ARTICLE 7 — BENEFICIARIES**

The beneficiaries, as signatories of the Agreement, are fully responsible towards the granting authority for implementing it and for complying with all its obligations.

They must implement the Agreement to their best abilities, in good faith and in accordance with all the obligations and terms and conditions it sets out.

They must have the appropriate resources to implement the action and implement the action under their own responsibility and in accordance with Article 11. If they rely on affiliated entities or other participants (see Articles 8 and 9), they retain sole responsibility towards the granting authority and the other beneficiaries.

They are jointly responsible for the *technical* implementation of the action. If one of the beneficiaries fails to implement their part of the action, the other beneficiaries must ensure that this part is implemented by someone else (without being entitled to an increase of the maximum grant amount and subject to an amendment; see Article 39). The *financial* responsibility of each beneficiary in case of recoveries is governed by Article 22.

The beneficiaries (and their action) must remain eligible under the EU programme funding the grant

for the entire duration of the action. Lump sum contributions will be eligible only as long as the beneficiary and the action are eligible.

The **internal roles and responsibilities** of the beneficiaries are divided as follows:

(a) Each beneficiary must:

- (i) keep information stored in the Portal Participant Register up to date (see Article 19)
- (ii) inform the granting authority (and the other beneficiaries) immediately of any events or circumstances likely to affect significantly or delay the implementation of the action (see Article 19)
- (iii) submit to the coordinator in good time:
  - the prefinancing guarantees (if required; see Article 23)
  - the financial statements and certificates on the financial statements (CFS): not applicable
  - the contribution to the deliverables and technical reports (see Article 21)
  - any other documents or information required by the granting authority under the Agreement
- (iv) submit via the Portal data and information related to the participation of their affiliated entities.

(b) The coordinator must:

- (i) monitor that the action is implemented properly (see Article 11)
- (ii) act as the intermediary for all communications between the consortium and the granting authority, unless the Agreement or granting authority specifies otherwise, and in particular:
  - submit the prefinancing guarantees to the granting authority (if any)
  - request and review any documents or information required and verify their quality and completeness before passing them on to the granting authority
  - submit the deliverables and reports to the granting authority
  - inform the granting authority about the payments made to the other beneficiaries (report on the distribution of payments; if required, see Articles 22 and 32)
- (iii) distribute the payments received from the granting authority to the other beneficiaries without unjustified delay (see Article 22).

The coordinator may not delegate or subcontract the above-mentioned tasks to any other beneficiary or third party (including affiliated entities).

However, coordinators which are public bodies may delegate the tasks set out in Point (b)(ii) last

indent and (iii) above to entities with ‘authorisation to administer’ which they have created or which are controlled by or affiliated to them. In this case, the coordinator retains sole responsibility for the payments and for compliance with the obligations under the Agreement.

Moreover, coordinators which are ‘sole beneficiaries’<sup>10</sup> (or similar, such as European research infrastructure consortia (ERICs)) may delegate the tasks set out in Point (b)(i) to (iii) above to one of their members. The coordinator retains sole responsibility for compliance with the obligations under the Agreement.

The beneficiaries must have **internal arrangements** regarding their operation and co-ordination, to ensure that the action is implemented properly.

If required by the granting authority (see Data Sheet, Point 1), these arrangements must be set out in a written **consortium agreement** between the beneficiaries, covering for instance:

- the internal organisation of the consortium
- the management of access to the Portal
- different distribution keys for the payments and financial responsibilities in case of recoveries (if any)
- additional rules on rights and obligations related to background and results (see Article 16)
- settlement of internal disputes
- liability, indemnification and confidentiality arrangements between the beneficiaries.

The internal arrangements must not contain any provision contrary to this Agreement.

## ARTICLE 8 — AFFILIATED ENTITIES

Not applicable

## ARTICLE 9 — OTHER PARTICIPANTS INVOLVED IN THE ACTION

### 9.1 Associated partners

The following entities which cooperate with a beneficiary will participate in the action as ‘associated partners’:

- **Consiliul Local al orasului Borsec (BORSEC)**, PIC 913406903
- **Aba Varos Onkormanyzata (ABA)**, PIC 913406321
- **Naszaly Kozseg Onkormanyzata (NASZALY)**, PIC 913363932
- **Kinna (Kinna)**, PIC 913363447

<sup>10</sup> For the definition, see Article 187(2) EU Financial Regulation 2018/1046: “Where several entities satisfy the criteria for being awarded a grant and together form one entity, that entity may be treated as the **sole beneficiary**, including where it is specifically established for the purpose of implementing the action financed by the grant.”

- **Mestys Svitávka (Mestys Svitávka)**, PIC 913363641

Associated partners must implement the action tasks attributed to them in Annex 1 in accordance with Article 11. They may not charge contributions to the action (no lump sum contributions) and the costs for their tasks are not eligible (may not be included in the estimated budget in Annex 2).

The tasks must be set out in Annex 1.

The beneficiaries must ensure that their contractual obligations under Articles 11 (proper implementation), 12 (conflict of interests), 13 (confidentiality and security), 14 (ethics), 17.2 (visibility), 18 (specific rules for carrying out action), 19 (information) and 20 (record-keeping) also apply to the associated partners.

The beneficiaries must ensure that the bodies mentioned in Article 25 (e.g. granting authority, OLAF, Court of Auditors (ECA), etc.) can exercise their rights also towards the associated partners.

## 9.2 Third parties giving in-kind contributions to the action

Other third parties may give in-kind contributions to the action (i.e. personnel, equipment, other goods, works and services, etc. which are free-of-charge), if necessary for the implementation.

Third parties giving in-kind contributions do not implement any action tasks. They may not charge contributions to the action (no lump sum contributions) and the costs for the in-kind contributions are not eligible (may not be included in the estimated budget in Annex 2).

The third parties and their in-kind contributions should be set out in Annex 1.

## 9.3 Subcontractors

Subcontractors may participate in the action, if necessary for the implementation.

Subcontractors must implement their action tasks in accordance with Article 11. The beneficiaries' costs for subcontracting are considered entirely covered by the lump sum contributions for implementing the work packages (irrespective of the actual subcontracting costs incurred, if any).

The beneficiaries must ensure that their contractual obligations under Articles 11 (proper implementation), 12 (conflict of interest), 13 (confidentiality and security), 14 (ethics), 17.2 (visibility), 18 (specific rules for carrying out action), 19 (information) and 20 (record-keeping) also apply to the subcontractors.

The beneficiaries must ensure that the bodies mentioned in Article 25 (e.g. granting authority, OLAF, Court of Auditors (ECA), etc.) can exercise their rights also towards the subcontractors.

## 9.4 Recipients of financial support to third parties

If the action includes providing financial support to third parties (e.g. grants, prizes or similar forms of support), the beneficiaries must ensure that their contractual obligations under Articles 12 (conflict of interest), 13 (confidentiality and security), 14 (ethics), 17.2 (visibility), 18 (specific rules for carrying out action), 19 (information) and 20 (record-keeping) also apply to the third parties receiving the support (recipients).

The beneficiaries must also ensure that the bodies mentioned in Article 25 (e.g. granting authority, OLAF, Court of Auditors (ECA), etc.) can exercise their rights also towards the recipients.

## **ARTICLE 10 — PARTICIPANTS WITH SPECIAL STATUS**

### **10.1 Non-EU participants**

Participants which are established in a non-EU country (if any) undertake to comply with their obligations under the Agreement and:

- to respect general principles (including fundamental rights, values and ethical principles, environmental and labour standards, rules on classified information, intellectual property rights, visibility of funding and protection of personal data)
- for the submission of certificates under Article 24: use qualified external auditors which are independent and comply with comparable standards as those set out in EU Directive 2006/43/EC<sup>11</sup>
- for the controls under Article 25: allow for checks, reviews, audits and investigations (including on-the-spot checks, visits and inspections) by the bodies mentioned in that Article (e.g. granting authority, OLAF, Court of Auditors (ECA), etc.).

Special rules on dispute settlement apply (see Data Sheet, Point 5).

### **10.2 Participants which are international organisations**

Participants which are international organisations (IOs; if any) undertake to comply with their obligations under the Agreement and:

- to respect general principles (including fundamental rights, values and ethical principles, environmental and labour standards, rules on classified information, intellectual property rights, visibility of funding and protection of personal data)
- for the submission of certificates under Article 24: to use either independent public officers or external auditors which comply with comparable standards as those set out in EU Directive 2006/43/EC
- for the controls under Article 25: to allow for the checks, reviews, audits and investigations by the bodies mentioned in that Article, taking into account the specific agreements concluded by them and the EU (if any).

For such participants, nothing in the Agreement will be interpreted as a waiver of their privileges or immunities, as accorded by their constituent documents or international law.

Special rules on applicable law and dispute settlement apply (see Article 43 and Data Sheet, Point 5).

### **10.3 Pillar-assessed participants**

---

<sup>11</sup> Directive 2006/43/EC of the European Parliament and of the Council of 17 May 2006 on statutory audits of annual accounts and consolidated accounts or similar national regulations (OJ L 157, 9.6.2006, p. 87).

Pillar-assessed participants (if any) may rely on their own systems, rules and procedures, in so far as they have been positively assessed and do not call into question the decision awarding the grant or breach the principle of equal treatment of applicants or beneficiaries.

‘Pillar-assessment’ means a review by the European Commission on the systems, rules and procedures which participants use for managing EU grants (in particular internal control system, accounting system, external audits, financing of third parties, rules on recovery and exclusion, information on recipients and protection of personal data; see Article 154 EU Financial Regulation 2018/1046).

Participants with a positive pillar assessment may rely on their own systems, rules and procedures, in particular for:

- record-keeping (Article 20): may be done in accordance with internal standards, rules and procedures
- currency conversion for financial statements (Article 21): may be done in accordance with usual accounting practices
- guarantees (Article 23): for public law bodies, prefinancing guarantees are not needed
- certificates (Article 24):
  - certificates on the financial statements (CFS): may be provided by their regular internal or external auditors and in accordance with their internal financial regulations and procedures
  - certificates on usual accounting practices (CoMUC): are not needed if those practices are covered by an ex-ante assessment

and use the following specific rules, for:

- recoveries (Article 22): in case of financial support to third parties, there will be no recovery if the participant has done everything possible to retrieve the undue amounts from the third party receiving the support (including legal proceedings) and non-recovery is not due to an error or negligence on its part
- checks, reviews, audits and investigations by the EU (Article 25): will be conducted taking into account the rules and procedures specifically agreed between them and the framework agreement (if any)
- impact evaluation (Article 26): will be conducted in accordance with the participant’s internal rules and procedures and the framework agreement (if any)
- grant agreement suspension (Article 31): certain costs incurred during grant suspension are eligible (notably, minimum costs necessary for a possible resumption of the action and costs relating to contracts which were entered into before the pre-information letter was received and which could not reasonably be suspended, reallocated or terminated on legal grounds)
- grant agreement termination (Article 32): the final grant amount and final payment will be calculated taking into account also costs relating to contracts due for execution only after termination takes effect, if the contract was entered into before the pre-information letter was received and could not reasonably be terminated on legal grounds

- liability for damages (Article 33.2): the granting authority must be compensated for damage it sustains as a result of the implementation of the action or because the action was not implemented in full compliance with the Agreement only if the damage is due to an infringement of the participant's internal rules and procedures or due to a violation of third parties' rights by the participant or one of its employees or individual for whom the employees are responsible.

Participants whose pillar assessment covers procurement and granting procedures may also do purchases, subcontracting and financial support to third parties (Article 6.2) in accordance with their internal rules and procedures for purchases, subcontracting and financial support.

Participants whose pillar assessment covers data protection rules may rely on their internal standards, rules and procedures for data protection (Article 15).

The participants may however not rely on provisions which would breach the principle of equal treatment of applicants or beneficiaries or call into question the decision awarding the grant, such as in particular:

- eligibility (Article 6)
- consortium roles and set-up (Articles 7-9)
- security and ethics (Articles 13, 14)
- IPR (including background and results, access rights and rights of use), communication, dissemination and visibility (Articles 16 and 17)
- information obligation (Article 19)
- payment, reporting and amendments (Articles 21, 22 and 39)
- rejections, reductions, suspensions and terminations (Articles 27, 28, 29-32)

If the pillar assessment was subject to remedial measures, reliance on the internal systems, rules and procedures is subject to compliance with those remedial measures.

Participants whose assessment has not yet been updated to cover (the new rules on) data protection may rely on their internal systems, rules and procedures, provided that they ensure that personal data is:

- processed lawfully, fairly and in a transparent manner in relation to the data subject
- collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes
- adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed
- accurate and, where necessary, kept up to date
- kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the data is processed and
- processed in a manner that ensures appropriate security of the personal data.

Participants must inform the coordinator without delay of any changes to the systems, rules and procedures that were part of the pillar assessment. The coordinator must immediately inform the granting authority.

Pillar-assessed participants that have also concluded a framework agreement with the EU, may moreover — under the same conditions as those above (i.e. not call into question the decision awarding the grant or breach the principle of equal treatment of applicants or beneficiaries) — rely on provisions set out in that framework agreement.

## **SECTION 2 RULES FOR CARRYING OUT THE ACTION**

### **ARTICLE 11 — PROPER IMPLEMENTATION OF THE ACTION**

#### **11.1 Obligation to properly implement the action**

The beneficiaries must implement the action as described in Annex 1 and in compliance with the provisions of the Agreement, the call conditions and all legal obligations under applicable EU, international and national law.

#### **11.2 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

### **ARTICLE 12 — CONFLICT OF INTERESTS**

#### **12.1 Conflict of interests**

The beneficiaries must take all measures to prevent any situation where the impartial and objective implementation of the Agreement could be compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other direct or indirect interest ('conflict of interests').

They must formally notify the granting authority without delay of any situation constituting or likely to lead to a conflict of interests and immediately take all the necessary steps to rectify this situation.

The granting authority may verify that the measures taken are appropriate and may require additional measures to be taken by a specified deadline.

#### **12.2 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28) and the grant or the beneficiary may be terminated (see Article 32).

Such breaches may also lead to other measures described in Chapter 5.

### **ARTICLE 13 — CONFIDENTIALITY AND SECURITY**

### 13.1 Sensitive information

The parties must keep confidential any data, documents or other material (in any form) that is identified as sensitive in writing ('sensitive information') — during the implementation of the action and for at least until the time-limit set out in the Data Sheet (see Point 6).

If a beneficiary requests, the granting authority may agree to keep such information confidential for a longer period.

Unless otherwise agreed between the parties, they may use sensitive information only to implement the Agreement.

The beneficiaries may disclose sensitive information to their personnel or other participants involved in the action only if they:

- (a) need to know it in order to implement the Agreement and
- (b) are bound by an obligation of confidentiality.

The granting authority may disclose sensitive information to its staff and to other EU institutions and bodies.

It may moreover disclose sensitive information to third parties, if:

- (a) this is necessary to implement the Agreement or safeguard the EU financial interests and
- (b) the recipients of the information are bound by an obligation of confidentiality.

The confidentiality obligations no longer apply if:

- (a) the disclosing party agrees to release the other party
- (b) the information becomes publicly available, without breaching any confidentiality obligation
- (c) the disclosure of the sensitive information is required by EU, international or national law.

Specific confidentiality rules (if any) are set out in Annex 5.

### 13.2 Classified information

The parties must handle classified information in accordance with the applicable EU, international or national law on classified information (in particular, Decision 2015/444<sup>12</sup> and its implementing rules).

Deliverables which contain classified information must be submitted according to special procedures agreed with the granting authority.

Action tasks involving classified information may be subcontracted only after explicit approval (in writing) from the granting authority.

---

<sup>12</sup> Commission Decision 2015/444/EC, Euratom of 13 March 2015 on the security rules for protecting EU classified information (OJ L 72, 17.3.2015, p. 53).

Classified information may not be disclosed to any third party (including participants involved in the action implementation) without prior explicit written approval from the granting authority.

Specific security rules (if any) are set out in Annex 5.

### **13.3 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

## **ARTICLE 14 — ETHICS AND VALUES**

### **14.1 Ethics**

The action must be carried out in line with the highest ethical standards and the applicable EU, international and national law on ethical principles.

Specific ethics rules (if any) are set out in Annex 5.

### **14.2 Values**

The beneficiaries must commit to and ensure the respect of basic EU values (such as respect for human dignity, freedom, democracy, equality, the rule of law and human rights, including the rights of minorities).

Specific rules on values (if any) are set out in Annex 5.

### **14.3 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

## **ARTICLE 15 — DATA PROTECTION**

### **15.1 Data processing by the granting authority**

Any personal data under the Agreement will be processed under the responsibility of the data controller of the granting authority in accordance with and for the purposes set out in the Portal Privacy Statement.

For grants where the granting authority is the European Commission, an EU regulatory or executive agency, joint undertaking or other EU body, the processing will be subject to Regulation 2018/1725<sup>13</sup>.

---

<sup>13</sup> Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC (OJ L 295, 21.11.2018, p. 39).

## 15.2 Data processing by the beneficiaries

The beneficiaries must process personal data under the Agreement in compliance with the applicable EU, international and national law on data protection (in particular, Regulation 2016/679<sup>14</sup>).

They must ensure that personal data is:

- processed lawfully, fairly and in a transparent manner in relation to the data subjects
- collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes
- adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed
- accurate and, where necessary, kept up to date
- kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the data is processed and
- processed in a manner that ensures appropriate security of the data.

The beneficiaries may grant their personnel access to personal data only if it is strictly necessary for implementing, managing and monitoring the Agreement. The beneficiaries must ensure that the personnel is under a confidentiality obligation.

The beneficiaries must inform the persons whose data are transferred to the granting authority and provide them with the Portal Privacy Statement.

## 15.3 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

## ARTICLE 16 — INTELLECTUAL PROPERTY RIGHTS (IPR) — BACKGROUND AND RESULTS — ACCESS RIGHTS AND RIGHTS OF USE

### 16.1 Background and access rights to background

The beneficiaries must give each other and the other participants access to the background identified as needed for implementing the action, subject to any specific rules in Annex 5.

‘Background’ means any data, know-how or information — whatever its form or nature (tangible or intangible), including any rights such as intellectual property rights — that is:

- (a) held by the beneficiaries before they acceded to the Agreement and

<sup>14</sup> Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (‘GDPR’) (OJ L 119, 4.5.2016, p. 1).

(b) needed to implement the action or exploit the results.

If background is subject to rights of a third party, the beneficiary concerned must ensure that it is able to comply with its obligations under the Agreement.

## 16.2 Ownership of results

The granting authority does not obtain ownership of the results produced under the action.

‘Results’ means any tangible or intangible effect of the action, such as data, know-how or information, whatever its form or nature, whether or not it can be protected, as well as any rights attached to it, including intellectual property rights.

## 16.3 Rights of use of the granting authority on materials, documents and information received for policy, information, communication, dissemination and publicity purposes

The granting authority has the right to use non-sensitive information relating to the action and materials and documents received from the beneficiaries (notably summaries for publication, deliverables, as well as any other material, such as pictures or audio-visual material, in paper or electronic form) for policy information, communication, dissemination and publicity purposes — during the action or afterwards.

The right to use the beneficiaries’ materials, documents and information is granted in the form of a royalty-free, non-exclusive and irrevocable licence, which includes the following rights:

- (a) **use for its own purposes** (in particular, making them available to persons working for the granting authority or any other EU service (including institutions, bodies, offices, agencies, etc.) or EU Member State institution or body; copying or reproducing them in whole or in part, in unlimited numbers; and communication through press information services)
- (b) **distribution to the public** (in particular, publication as hard copies and in electronic or digital format, publication on the internet, as a downloadable or non-downloadable file, broadcasting by any channel, public display or presentation, communicating through press information services, or inclusion in widely accessible databases or indexes)
- (c) **editing or redrafting** (including shortening, summarising, inserting other elements (e.g. meta-data, legends, other graphic, visual, audio or text elements), extracting parts (e.g. audio or video files), dividing into parts, use in a compilation)
- (d) **translation**
- (e) **storage** in paper, electronic or other form
- (f) **archiving**, in line with applicable document-management rules
- (g) the right to authorise **third parties** to act on its behalf or sub-license to third parties the modes of use set out in Points (b), (c), (d) and (f), if needed for the information, communication and publicity activity of the granting authority and
- (h) **processing**, analysing, aggregating the materials, documents and information received and **producing derivative works**.

The rights of use are granted for the whole duration of the industrial or intellectual property rights concerned.

If materials or documents are subject to moral rights or third party rights (including intellectual property rights or rights of natural persons on their image and voice), the beneficiaries must ensure that they comply with their obligations under this Agreement (in particular, by obtaining the necessary licences and authorisations from the rights holders concerned).

Where applicable, the granting authority will insert the following information:

“© – [year] – [name of the copyright owner]. All rights reserved. Licensed to the [name of granting authority] under conditions.”

## **16.4 Specific rules on IPR, results and background**

Specific rules regarding intellectual property rights, results and background (if any) are set out in Annex 5.

## **16.5 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such a breach may also lead to other measures described in Chapter 5.

# **ARTICLE 17 — COMMUNICATION, DISSEMINATION AND VISIBILITY**

## **17.1 Communication — Dissemination — Promoting the action**

Unless otherwise agreed with the granting authority, the beneficiaries must promote the action and its results by providing targeted information to multiple audiences (including the media and the public), in accordance with Annex 1 and in a strategic, coherent and effective manner.

Before engaging in a communication or dissemination activity expected to have a major media impact, the beneficiaries must inform the granting authority.

## **17.2 Visibility — European flag and funding statement**

Unless otherwise agreed with the granting authority, communication activities of the beneficiaries related to the action (including media relations, conferences, seminars, information material, such as brochures, leaflets, posters, presentations, etc., in electronic form, via traditional or social media, etc.), dissemination activities and any infrastructure, equipment, vehicles, supplies or major result funded by the grant must acknowledge the EU support and display the European flag (emblem) and funding statement (translated into local languages, where appropriate):

Funded by the  
European Union

Co-funded by the  
European Union

Funded by the  
European Union

Co-funded by the  
European Union

The emblem must remain distinct and separate and cannot be modified by adding other visual marks, brands or text.

Apart from the emblem, no other visual identity or logo may be used to highlight the EU support.

When displayed in association with other logos (e.g. of beneficiaries or sponsors), the emblem must be displayed at least as prominently and visibly as the other logos.

For the purposes of their obligations under this Article, the beneficiaries may use the emblem without first obtaining approval from the granting authority. This does not, however, give them the right to exclusive use. Moreover, they may not appropriate the emblem or any similar trademark or logo, either by registration or by any other means.

### 17.3 Quality of information — Disclaimer

Any communication or dissemination activity related to the action must use factually accurate information.

Moreover, it must indicate the following disclaimer (translated into local languages where appropriate):

“Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or [name of the granting authority]. Neither the European Union nor the granting authority can be held responsible for them.”

### 17.4 Specific communication, dissemination and visibility rules

Specific communication, dissemination and visibility rules (if any) are set out in Annex 5.

### 17.5 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

## ARTICLE 18 — SPECIFIC RULES FOR CARRYING OUT THE ACTION

Not applicable

## **SECTION 3 GRANT ADMINISTRATION**

### **ARTICLE 19 — GENERAL INFORMATION OBLIGATIONS**

#### **19.1 Information requests**

The beneficiaries must provide — during the action or afterwards and in accordance with Article 7 — any information requested in order to verify eligibility of the lump sum contributions declared, proper implementation of the action and compliance with the other obligations under the Agreement.

The information provided must be accurate, precise and complete and in the format requested, including electronic format.

#### **19.2 Participant Register data updates**

The beneficiaries must keep — at all times, during the action or afterwards — their information stored in the Portal Participant Register up to date, in particular, their name, address, legal representatives, legal form and organisation type.

#### **19.3 Information about events and circumstances which impact the action**

The beneficiaries must immediately inform the granting authority (and the other beneficiaries) of any of the following:

- (a) **events** which are likely to affect or delay the implementation of the action or affect the EU's financial interests, in particular:
  - (i) changes in their legal, financial, technical, organisational or ownership situation (including changes linked to one of the exclusion grounds listed in the declaration of honour signed before grant signature)
  - (ii) linked action information: not applicable
- (b) **circumstances** affecting:
  - (i) the decision to award the grant or
  - (ii) compliance with requirements under the Agreement.

#### **19.4 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

### **ARTICLE 20 — RECORD-KEEPING**

#### **20.1 Keeping records and supporting documents**

The beneficiaries must — at least until the time-limit set out in the Data Sheet (see Point 6) — keep records and other supporting documents to prove the proper implementation of the action (proper implementation of the work and/or achievement of the results as described in Annex 1) in line with the accepted standards in the respective field (if any); beneficiaries do not need to keep specific records on the actual costs incurred.

The records and supporting documents must be made available upon request (see Article 19) or in the context of checks, reviews, audits or investigations (see Article 25).

If there are on-going checks, reviews, audits, investigations, litigation or other pursuits of claims under the Agreement (including the extension of findings; see Article 25), the beneficiaries must keep these records and other supporting documentation until the end of these procedures.

The beneficiaries must keep the original documents. Digital and digitalised documents are considered originals if they are authorised by the applicable national law. The granting authority may accept non-original documents if they offer a comparable level of assurance.

## 20.2 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, lump sum contributions insufficiently substantiated will be ineligible (see Article 6) and will be rejected (see Article 27), and the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

## ARTICLE 21 — REPORTING

### 21.1 Continuous reporting

The beneficiaries must continuously report on the progress of the action (e.g. **deliverables, milestones, outputs/outcomes, critical risks, indicators**, etc; if any), in the Portal Continuous Reporting tool and in accordance with the timing and conditions it sets out (as agreed with the granting authority).

Standardised deliverables (e.g. progress reports not linked to payments, reports on cumulative expenditure, special reports, etc; if any) must be submitted using the templates published on the Portal.

### 21.2 Periodic reporting: Technical reports and financial statements

In addition, the beneficiaries must provide reports to request payments, in accordance with the schedule and modalities set out in the Data Sheet (see Point 4.2):

- for additional prefinancings (if any): **an additional prefinancing report**
- for interim payments (if any) and the final payment: a **periodic report**

The prefinancing and periodic reports include a technical and financial part.

The technical part includes an overview of the action implementation. It must be prepared using the template available in the Portal Periodic Reporting tool.

The financial part of the additional prefinancing report includes a statement on the use of the previous prefinancing payment.

The financial part of the periodic report includes:

- the financial statement (consolidated statement for the consortium)
- the explanation on the use of resources (or detailed cost reporting table): not applicable
- the certificates on the financial statements (CFS): not applicable.

The **financial statement** must contain the lump sum contributions indicated in Annex 2, for the work packages that were completed during the reporting period.

For the last reporting period, the beneficiaries may exceptionally also declare partial lump sum contributions for work packages that were not completed (e.g. due to force majeure or technical impossibility).

Lump sum contributions which are not declared in a financial statement will not be taken into account by the granting authority.

By signing the financial statement (directly in the Portal Periodic Reporting tool), the coordinator confirms (on behalf of the consortium) that:

- the information provided is complete, reliable and true
- the lump sum contributions declared are eligible (in particular, the work packages have been completed, that the work has been properly implemented and/or the results were achieved in accordance with Annex 1; see Article 6)
- the proper implementation and/or achievement can be substantiated by adequate records and supporting documents (see Article 20) that will be produced upon request (see Article 19) or in the context of checks, reviews, audits and investigations (see Article 25).

In case of recoveries (see Article 22), beneficiaries will be held responsible also for the lump sum contributions declared for their affiliated entities (if any).

### 21.3 Currency for financial statements and conversion into euros

The financial statements must be drafted in euro.

### 21.4 Reporting language

The reporting must be in the language of the Agreement, unless otherwise agreed with the granting authority (see Data Sheet, Point 4.2).

### 21.5 Consequences of non-compliance

If a report submitted does not comply with this Article, the granting authority may suspend the payment deadline (see Article 29) and apply other measures described in Chapter 5.

If the coordinator breaches its reporting obligations, the granting authority may terminate the grant or the coordinator's participation (see Article 32) or apply other measures described in Chapter 5.

## **ARTICLE 22 — PAYMENTS AND RECOVERIES — CALCULATION OF AMOUNTS DUE**

### **22.1 Payments and payment arrangements**

Payments will be made in accordance with the schedule and modalities set out in the Data Sheet (see Point 4.2).

They will be made in euro to the bank account indicated by the coordinator (see Data Sheet, Point 4.2) and must be distributed without unjustified delay (restrictions may apply to distribution of the initial prefinancing payment; see Data Sheet, Point 4.2).

Payments to this bank account will discharge the granting authority from its payment obligation.

The cost of payment transfers will be borne as follows:

- the granting authority bears the cost of transfers charged by its bank
- the beneficiary bears the cost of transfers charged by its bank
- the party causing a repetition of a transfer bears all costs of the repeated transfer.

Payments by the granting authority will be considered to have been carried out on the date when they are debited to its account.

### **22.2 Recoveries**

Recoveries will be made, if — at beneficiary termination, final payment or afterwards — it turns out that the granting authority has paid too much and needs to recover the amounts undue.

The general liability regime for recoveries (first-line liability) is as follows: At final payment, the coordinator will be fully liable for recoveries, even if it has not been the final recipient of the undue amounts. At beneficiary termination or after final payment, recoveries will be made directly against the beneficiaries concerned.

Beneficiaries will be fully liable for repaying the debts of their affiliated entities.

In case of enforced recoveries (see Article 22.4):

- the beneficiaries will be jointly and severally liable for repaying debts of another beneficiary under the Agreement (including late-payment interest), if required by the granting authority (see Data Sheet, Point 4.4)
- affiliated entities will be held liable for repaying debts of their beneficiaries under the Agreement (including late-payment interest), if required by the granting authority (see Data Sheet, Point 4.4).

### **22.3 Amounts due**

#### **22.3.1 Prefinancing payments**

The aim of the prefinancing is to provide the beneficiaries with a float.

It remains the property of the EU until the final payment.

For **initial prefinancements** (if any), the amount due, schedule and modalities are set out in the Data Sheet (see Point 4.2).

For **additional prefinancements** (if any), the amount due, schedule and modalities are also set out in the Data Sheet (see Point 4.2). However, if the statement on the use of the previous prefinancing payment shows that less than 70% was used, the amount set out in the Data Sheet will be reduced by the difference between the 70% threshold and the amount used.

Prefinancing payments (or parts of them) may be offset (without the beneficiaries' consent) against amounts owed by a beneficiary to the granting authority — up to the amount due to that beneficiary.

For grants where the granting authority is the European Commission or an EU executive agency, offsetting may also be done against amounts owed to other Commission services or executive agencies.

Payments will not be made if the payment deadline or payments are suspended (see Articles 29 and 30).

### 22.3.2 Amount due at beneficiary termination — Recovery

In case of beneficiary termination, the granting authority will determine the provisional amount due for the beneficiary concerned.

This will be done on the basis of work packages already completed in previous interim payments. Payments for ongoing/not yet completed work packages which the beneficiary was working on before termination (if any) will therefore be made only later on, with the next interim or final payments when those work packages have been completed.

The **amount due** will be calculated in the following step:

Step 1 — Calculation of the total accepted EU contribution

#### Step 1 — Calculation of the total accepted EU contribution

The granting authority will first calculate the 'accepted EU contribution' for the beneficiary, on the basis of the beneficiary's lump sum contributions for the work packages which were approved in previous interim payments.

After that, the granting authority will take into account grant reductions (if any). The resulting amount is the 'total accepted EU contribution' for the beneficiary.

The **balance** is then calculated by deducting the payments received (if any; see report on the distribution of payments in Article 32), from the total accepted EU contribution:

$$\begin{aligned} &\{\text{total accepted EU contribution for the beneficiary} \\ &\text{minus} \\ &\{\text{prefinancing and interim payments received (if any)}\} \}. \end{aligned}$$

If the balance is **negative**, it will be **recovered** in accordance with the following procedure:

The granting authority will send a **pre-information letter** to the beneficiary concerned:

- formally notifying the intention to recover, the amount due, the amount to be recovered and the reasons why and
- requesting observations within 30 days of receiving notification.

If no observations are submitted (or the granting authority decides to pursue recovery despite the observations it has received), it will confirm the amount to be recovered and ask this amount to be paid to the coordinator (**confirmation letter**).

### 22.3.3 Interim payments

Interim payments reimburse the eligible lump sum contributions claimed for work packages implemented during the reporting periods (if any).

Interim payments (if any) will be made in accordance with the schedule and modalities set out the Data Sheet (see Point 4.2).

Payment is subject to the approval of the periodic report and the work packages declared. Their approval does not imply recognition of compliance, authenticity, completeness or correctness of their content.

Incomplete work packages and work packages that have not been delivered or cannot be approved will be rejected (see Article 27).

The **interim payment** will be calculated by the granting authority in the following steps:

Step 1 — Calculation of the total accepted EU contribution

Step 2 — Limit to the interim payment ceiling

#### Step 1 — Calculation of the total accepted EU contribution

The granting authority will first calculate the ‘accepted EU contribution’ for the action for the reporting period, by calculating the lump sum contributions for the approved work packages.

After that, the granting authority will take into account grant reductions from beneficiary termination (if any). The resulting amount is the ‘total accepted EU contribution’.

#### Step 2 — Limit to the interim payment ceiling

The resulting amount is then capped to ensure that the total amount of prefinancing and interim payments (if any) does not exceed the interim payment ceiling set out in the Data Sheet (see Point 4.2).

Interim payments (or parts of them) may be offset (without the beneficiaries’ consent) against amounts owed by a beneficiary to the granting authority — up to the amount due to that beneficiary.

For grants where the granting authority is the European Commission or an EU executive agency, offsetting may also be done against amounts owed to other Commission services or executive agencies.

Payments will not be made if the payment deadline or payments are suspended (see Articles 29 and 30).

### 22.3.4 Final payment — Final grant amount — Revenues and Profit — Recovery

The final payment (payment of the balance) reimburses the remaining eligible lump sum contributions claimed for the implemented work packages (if any).

The final payment will be made in accordance with the schedule and modalities set out in the Data Sheet (see Point 4.2).

Payment is subject to the approval of the final periodic report and the work packages declared. Their approval does not imply recognition of compliance, authenticity, completeness or correctness of their content.

Work packages (or parts of them) that have not been delivered or cannot be approved will be rejected (see Article 27).

The **final grant amount for the action** will be calculated in the following steps:

Step 1 — Calculation of the total accepted EU contribution

Step 2 — Limit to the maximum grant amount

Step 3 — Reduction due to the no-profit rule

#### Step 1 — Calculation of the total accepted EU contribution

The granting authority will first calculate the ‘accepted EU contribution’ for the action for all reporting periods, by calculating the lump sum contributions for the approved work packages.

After that, the granting authority will take into account grant reductions (if any). The resulting amount is the ‘total accepted EU contribution’.

#### Step 2 — Limit to the maximum grant amount

Not applicable

#### Step 3 — Reduction due to the no-profit rule

Not applicable

The **balance** (final payment) is then calculated by deducting the total amount of prefinancing and interim payments already made (if any), from the final grant amount:

$$\begin{aligned} &\{\text{final grant amount} \\ &\text{minus} \\ &\{\text{prefinancing and interim payments made (if any)}\}\}. \end{aligned}$$

If the balance is **positive**, it will be **paid** to the coordinator.

The final payment (or part of it) may be offset (without the beneficiaries' consent) against amounts owed by a beneficiary to the granting authority — up to the amount due to that beneficiary.

For grants where the granting authority is the European Commission or an EU executive agency, offsetting may also be done against amounts owed to other Commission services or executive agencies.

Payments will not be made if the payment deadline or payments are suspended (see Articles 29 and 30).

If the balance is **negative**, it will be **recovered** in accordance with the following procedure:

The granting authority will send a **pre-information letter** to the coordinator:

- formally notifying the intention to recover, the final grant amount, the amount to be recovered and the reasons why
- requesting observations within 30 days of receiving notification.

If no observations are submitted (or the granting authority decides to pursue recovery despite the observations it has received), it will confirm the amount to be recovered (**confirmation letter**), together with a **debit note** with the terms and date for payment.

If payment is not made by the date specified in the debit note, the granting authority will **enforce recovery** in accordance with Article 22.4.

### 22.3.5 Audit implementation after final payment — Revised final grant amount — Recovery

If — after the final payment (in particular, after checks, reviews, audits or investigations; see Article 25) — the granting authority rejects lump sum contributions (see Article 27) or reduces the grant (see Article 28), it will calculate the **revised final grant amount** for the beneficiary concerned.

The **beneficiary revised final grant amount** will be calculated in the following step:

Step 1 — Calculation of the revised total accepted EU contribution

#### Step 1 — Calculation of the revised total accepted EU contribution

The granting authority will first calculate the 'revised accepted EU contribution' for the beneficiary, by calculating the 'revised accepted contributions'.

After that, it will take into account grant reductions (if any). The resulting 'revised total accepted EU contribution' is the beneficiary revised final grant amount.

If the revised final grant amount is lower than the beneficiary's final grant amount (i.e. its share in the final grant amount for the action), it will be **recovered** in accordance with the following procedure:

The **beneficiary final grant amount** (i.e. share in the final grant amount for the action) is calculated as follows:

$$\frac{\{\text{total accepted EU contribution for the beneficiary}\}}{\text{divided by}}$$

total accepted EU contribution for the action}  
multiplied by  
final grant amount for the action}.

The granting authority will send a **pre-information letter** to the beneficiary concerned:

- formally notifying the intention to recover, the amount to be recovered and the reasons why and
- requesting observations within 30 days of receiving notification.

If no observations are submitted (or the granting authority decides to pursue recovery despite the observations it has received), it will confirm the amount to be recovered (**confirmation letter**), together with a **debit note** with the terms and the date for payment.

Recoveries against affiliated entities (if any) will be handled through their beneficiaries.

If payment is not made by the date specified in the debit note, the granting authority will **enforce recovery** in accordance with Article 22.4.

## 22.4 Enforced recovery

If payment is not made by the date specified in the debit note, the amount due will be recovered:

- (a) by offsetting the amount — without the coordinator or beneficiary's consent — against any amounts owed to the coordinator or beneficiary by the granting authority.

In exceptional circumstances, to safeguard the EU financial interests, the amount may be offset before the payment date specified in the debit note.

For grants where the granting authority is the European Commission or an EU executive agency, debts may also be offset against amounts owed by other Commission services or executive agencies.

- (b) by drawing on the financial guarantee(s) (if any)
- (c) by holding other beneficiaries jointly and severally liable (if any; see Data Sheet, Point 4.4)
- (d) by holding affiliated entities jointly and severally liable (if any, see Data Sheet, Point 4.4)
- (e) by taking legal action (see Article 43) or, provided that the granting authority is the European Commission or an EU executive agency, by adopting an enforceable decision under Article 299 of the Treaty on the Functioning of the EU (TFEU) and Article 100(2) of EU Financial Regulation 2018/1046.

The amount to be recovered will be increased by **late-payment interest** at the rate set out in Article 23.5, from the day following the payment date in the debit note, up to and including the date the full payment is received.

Partial payments will be first credited against expenses, charges and late-payment interest and then against the principal.

Bank charges incurred in the recovery process will be borne by the beneficiary, unless Directive 2015/2366<sup>15</sup> applies.

For grants where the granting authority is an EU executive agency, enforced recovery by offsetting or enforceable decision will be done by the services of the European Commission (see also Article 43).

## 22.5 Consequences of non-compliance

**22.5.1** If the granting authority does not pay within the payment deadlines (see above), the beneficiaries are entitled to **late-payment interest** at the reference rate applied by the European Central Bank (ECB) for its main refinancing operations in euros, plus the percentage specified in the Data Sheet (Point 4.2). The ECB reference rate to be used is the rate in force on the first day of the month in which the payment deadline expires, as published in the C series of the *Official Journal of the European Union*.

If the late-payment interest is lower than or equal to EUR 200, it will be paid to the coordinator only on request submitted within two months of receiving the late payment.

Late-payment interest is not due if all beneficiaries are EU Member States (including regional and local government authorities or other public bodies acting on behalf of a Member State for the purpose of this Agreement).

If payments or the payment deadline are suspended (see Articles 29 and 30), payment will not be considered as late.

Late-payment interest covers the period running from the day following the due date for payment (see above), up to and including the date of payment.

Late-payment interest is not considered for the purposes of calculating the final grant amount.

**22.5.2** If the coordinator breaches any of its obligations under this Article, the grant may be reduced (see Article 29) and the grant or the coordinator may be terminated (see Article 32).

Such breaches may also lead to other measures described in Chapter 5.

## ARTICLE 23 — GUARANTEES

### 23.1 Prefinancing guarantee

If required by the granting authority (see Data Sheet, Point 4.2), the beneficiaries must provide (one or more) prefinancing guarantee(s) in accordance with the timing and the amounts set out in the Data Sheet.

The coordinator must submit them to the granting authority in due time before the prefinancing they are linked to.

The guarantees must be drawn up using the template published on the Portal and fulfil the following conditions:

---

<sup>15</sup> Directive (EU) 2015/2366 of the European Parliament and of the Council of 25 November 2015 on payment services in the internal market, amending Directives 2002/65/EC, 2009/110/EC and 2013/36/EU and Regulation (EU) No 1093/2010, and repealing Directive 2007/64/EC (OJ L 337, 23.12.2015, p. 35).

- (a) be provided by a bank or approved financial institution established in the EU or — if requested by the coordinator and accepted by the granting authority — by a third party or a bank or financial institution established outside the EU offering equivalent security
- (b) the guarantor stands as first-call guarantor and does not require the granting authority to first have recourse against the principal debtor (i.e. the beneficiary concerned) and
- (c) remain explicitly in force until the final payment and, if the final payment takes the form of a recovery, until five months after the debit note is notified to a beneficiary.

They will be released within the following month.

## **23.2 Consequences of non-compliance**

If the beneficiaries breach their obligation to provide the prefinancing guarantee, the prefinancing will not be paid.

Such breaches may also lead to other measures described in Chapter 5.

## **ARTICLE 24 — CERTIFICATES**

Not applicable

## **ARTICLE 25 — CHECKS, REVIEWS, AUDITS AND INVESTIGATIONS — EXTENSION OF FINDINGS**

### **25.1 Granting authority checks, reviews and audits**

#### **25.1.1 Internal checks**

The granting authority may — during the action or afterwards — check the proper implementation of the action and compliance with the obligations under the Agreement, including assessing lump sum contributions, deliverables and reports.

#### **25.1.2 Project reviews**

The granting authority may carry out reviews on the proper implementation of the action and compliance with the obligations under the Agreement (general project reviews or specific issues reviews).

Such project reviews may be started during the implementation of the action and until the time-limit set out in the Data Sheet (see Point 6). They will be formally notified to the coordinator or beneficiary concerned and will be considered to start on the date of the notification.

If needed, the granting authority may be assisted by independent, outside experts. If it uses outside experts, the coordinator or beneficiary concerned will be informed and have the right to object on grounds of commercial confidentiality or conflict of interest.

The coordinator or beneficiary concerned must cooperate diligently and provide — within the deadline requested — any information and data in addition to deliverables and reports already submitted. The granting authority may request beneficiaries to provide such information to it directly. Sensitive information and documents will be treated in accordance with Article 13.

The coordinator or beneficiary concerned may be requested to participate in meetings, including with the outside experts.

For **on-the-spot visits**, the beneficiary concerned must allow access to sites and premises (including to the outside experts) and must ensure that information requested is readily available.

Information provided must be accurate, precise and complete and in the format requested, including electronic format.

On the basis of the review findings, a **project review report** will be drawn up.

The granting authority will formally notify the project review report to the coordinator or beneficiary concerned, which has 30 days from receiving notification to make observations.

Project reviews (including project review reports) will be in the language of the Agreement.

### 25.1.3 Audits

The granting authority may carry out audits on the proper implementation of the action and compliance with the obligations under the Agreement.

Such audits may be started during the implementation of the action and until the time-limit set out in the Data Sheet (see Point 6). They will be formally notified to the beneficiary concerned and will be considered to start on the date of the notification.

The granting authority may use its own audit service, delegate audits to a centralised service or use external audit firms. If it uses an external firm, the beneficiary concerned will be informed and have the right to object on grounds of commercial confidentiality or conflict of interest.

The beneficiary concerned must cooperate diligently and provide — within the deadline requested — any information (including complete accounts, individual salary statements or other personal data) to verify compliance with the Agreement. Sensitive information and documents will be treated in accordance with Article 13.

For **on-the-spot visits**, the beneficiary concerned must allow access to sites and premises (including for the external audit firm) and must ensure that information requested is readily available.

Information provided must be accurate, precise and complete and in the format requested, including electronic format.

On the basis of the audit findings, a **draft audit report** will be drawn up.

The auditors will formally notify the draft audit report to the beneficiary concerned, which has 30 days from receiving notification to make observations (contradictory audit procedure).

The **final audit report** will take into account observations by the beneficiary concerned and will be formally notified to them.

Audits (including audit reports) will be in the language of the Agreement.

## 25.2 European Commission checks, reviews and audits in grants of other granting authorities

Where the granting authority is not the European Commission, the latter has the same rights of checks, reviews and audits as the granting authority.

### **25.3 Access to records for assessing simplified forms of funding**

The beneficiaries must give the European Commission access to their statutory records for the periodic assessment of simplified forms of funding which are used in EU programmes.

### **25.4 OLAF, EPPO and ECA audits and investigations**

The following bodies may also carry out checks, reviews, audits and investigations — during the action or afterwards:

- the European Anti-Fraud Office (OLAF) under Regulations No 883/2013<sup>16</sup> and No 2185/96<sup>17</sup>
- the European Public Prosecutor's Office (EPPO) under Regulation 2017/1939
- the European Court of Auditors (ECA) under Article 287 of the Treaty on the Functioning of the EU (TFEU) and Article 257 of EU Financial Regulation 2018/1046.

If requested by these bodies, the beneficiary concerned must provide full, accurate and complete information in the format requested (including complete accounts, individual salary statements or other personal data, including in electronic format) and allow access to sites and premises for on-the-spot visits or inspections — as provided for under these Regulations.

To this end, the beneficiary concerned must keep all relevant information relating to the action, at least until the time-limit set out in the Data Sheet (Point 6) and, in any case, until any ongoing checks, reviews, audits, investigations, litigation or other pursuits of claims have been concluded.

### **25.5 Consequences of checks, reviews, audits and investigations — Extension of findings**

#### **25.5.1 Consequences of checks, reviews, audits and investigations in this grant**

Findings in checks, reviews, audits or investigations carried out in the context of this grant may lead to rejections (see Article 27), grant reduction (see Article 28) or other measures described in Chapter 5.

Rejections or grant reductions after the final payment will lead to a revised final grant amount (see Article 22).

Findings in checks, reviews, audits or investigations during the action implementation may lead to a request for amendment (see Article 39), to change the description of the action set out in Annex 1.

Checks, reviews, audits or investigations that find systemic or recurrent errors, irregularities, fraud or breach of obligations in any EU grant may also lead to consequences in other EU grants awarded under similar conditions ('extension to other grants').

<sup>16</sup> Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF) and repealing Regulation (EC) No 1073/1999 of the European Parliament and of the Council and Council Regulation (Euratom) No 1074/1999 (OJ L 248, 18/09/2013, p. 1).

<sup>17</sup> Council Regulation (Euratom, EC) No 2185/1996 of 11 November 1996 concerning on-the-spot checks and inspections carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities (OJ L 292, 15/11/1996, p. 2).

Moreover, findings arising from an OLAF or EPPO investigation may lead to criminal prosecution under national law.

### 25.5.2 Extension from other grants

Findings of checks, reviews, audits or investigations in other grants may be extended to this grant, if:

- (a) the beneficiary concerned is found, in other EU grants awarded under similar conditions, to have committed systemic or recurrent errors, irregularities, fraud or breach of obligations that have a material impact on this grant and
- (b) those findings are formally notified to the beneficiary concerned — together with the list of grants affected by the findings — within the time-limit for audits set out in the Data Sheet (see Point 6).

The granting authority will formally notify the beneficiary concerned of the intention to extend the findings and the list of grants affected.

If the extension concerns **rejections of lump sum contributions**: the notification will include:

- (a) an invitation to submit observations on the list of grants affected by the findings
- (b) the request to submit revised financial statements for all grants affected
- (c) the correction rate for extrapolation, established on the basis of the systemic or recurrent errors, to calculate the amounts to be rejected, if the beneficiary concerned:
  - (i) considers that the submission of revised financial statements is not possible or practicable or
  - (ii) does not submit revised financial statements.

If the extension concerns **grant reductions**: the notification will include:

- (a) an invitation to submit observations on the list of grants affected by the findings and
- (b) the **correction rate for extrapolation**, established on the basis of the systemic or recurrent errors and the principle of proportionality.

The beneficiary concerned has **60 days** from receiving notification to submit observations, revised financial statements or to propose a duly substantiated **alternative correction method/rate**.

On the basis of this, the granting authority will analyse the impact and decide on the implementation (i.e. start rejection or grant reduction procedures, either on the basis of the revised financial statements or the announced/alternative method/rate or a mix of those; see Articles 27 and 28).

## 25.6 Consequences of non-compliance

If a beneficiary breaches any of its obligations under this Article, lump sum contributions insufficiently substantiated will be ineligible (see Article 6) and will be rejected (see Article 27), and the grant may be reduced (see Article 28).

Such breaches may also lead to other measures described in Chapter 5.

## **ARTICLE 26 — IMPACT EVALUATIONS**

### **26.1 Impact evaluation**

The granting authority may carry out impact evaluations of the action, measured against the objectives and indicators of the EU programme funding the grant.

Such evaluations may be started during implementation of the action and until the time-limit set out in the Data Sheet (see Point 6). They will be formally notified to the coordinator or beneficiaries and will be considered to start on the date of the notification.

If needed, the granting authority may be assisted by independent outside experts.

The coordinator or beneficiaries must provide any information relevant to evaluate the impact of the action, including information in electronic format.

### **26.2 Consequences of non-compliance**

If a beneficiary breaches any of its obligations under this Article, the granting authority may apply the measures described in Chapter 5.

## **CHAPTER 5 CONSEQUENCES OF NON-COMPLIANCE**

### **SECTION 1 REJECTIONS AND GRANT REDUCTION**

## **ARTICLE 27 — REJECTION OF CONTRIBUTIONS**

### **27.1 Conditions**

The granting authority will — at interim payment, final payment or afterwards — reject any lump sum contributions which are ineligible (see Article 6), in particular following checks, reviews, audits or investigations (see Article 25).

The rejection may also be based on the extension of findings from other grants to this grant (see Article 25).

Ineligible lump sum contributions will be rejected.

### **27.2 Procedure**

If the rejection does not lead to a recovery, the granting authority will formally notify the coordinator or beneficiary concerned of the rejection, the amounts and the reasons why. The coordinator or beneficiary concerned may — within 30 days of receiving notification — submit observations if it disagrees with the rejection (payment review procedure).

If the rejection leads to a recovery, the granting authority will follow the contradictory procedure with pre-information letter set out in Article 22.

### **27.3 Effects**

If the granting authority rejects lump sum contributions, it will deduct them from the lump sum contributions declared and then calculate the amount due (and, if needed, make a recovery; see Article 22).

## **ARTICLE 28 — GRANT REDUCTION**

### **28.1 Conditions**

The granting authority may — at beneficiary termination, final payment or afterwards — reduce the grant for a beneficiary, if:

- (a) the beneficiary (or a person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed:
  - (i) substantial errors, irregularities or fraud or
  - (ii) serious breach of obligations under this Agreement or during its award (including improper implementation of the action, non-compliance with the call conditions, submission of false information, failure to provide required information, breach of ethics or security rules (if applicable), etc.), or
- (b) the beneficiary (or a person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed — in other EU grants awarded to it under similar conditions — systemic or recurrent errors, irregularities, fraud or serious breach of obligations that have a material impact on this grant (extension of findings; see Article 25.5).

The amount of the reduction will be calculated for each beneficiary concerned and proportionate to the seriousness and the duration of the errors, irregularities or fraud or breach of obligations, by applying an individual reduction rate to their accepted EU contribution.

### **28.2 Procedure**

If the grant reduction does not lead to a recovery, the granting authority will formally notify the coordinator or beneficiary concerned of the reduction, the amount to be reduced and the reasons why. The coordinator or beneficiary concerned may — within 30 days of receiving notification — submit observations if it disagrees with the reduction (payment review procedure).

If the grant reduction leads to a recovery, the granting authority will follow the contradictory procedure with pre-information letter set out in Article 22.

### **28.3 Effects**

If the granting authority reduces the grant, it will deduct the reduction and then calculate the amount due (and, if needed, make a recovery; see Article 22).

## **SECTION 2 — SUSPENSION AND TERMINATION**

### **ARTICLE 29 — PAYMENT DEADLINE SUSPENSION**

## 29.1 Conditions

The granting authority may — at any moment — suspend the payment deadline if a payment cannot be processed because:

- (a) the required report (see Article 21) has not been submitted or is not complete or additional information is needed
- (b) there are doubts about the amount to be paid (e.g. ongoing extension procedure, queries about eligibility, need for a grant reduction, etc.) and additional checks, reviews, audits or investigations are necessary, or
- (c) there are other issues affecting the EU financial interests.

## 29.2 Procedure

The granting authority will formally notify the coordinator of the suspension and the reasons why.

The suspension will **take effect** the day the notification is sent.

If the conditions for suspending the payment deadline are no longer met, the suspension will be **lifted** — and the remaining time to pay (see Data Sheet, Point 4.2) will resume.

If the suspension exceeds two months, the coordinator may request the granting authority to confirm if the suspension will continue.

If the payment deadline has been suspended due to the non-compliance of the report and the revised report is not submitted (or was submitted but is also rejected), the granting authority may also terminate the grant or the participation of the coordinator (see Article 32).

## ARTICLE 30 — PAYMENT SUSPENSION

### 30.1 Conditions

The granting authority may — at any moment — suspend payments, in whole or in part for one or more beneficiaries, if:

- (a) a beneficiary (or a person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed or is suspected of having committed:
  - (i) substantial errors, irregularities or fraud or
  - (ii) serious breach of obligations under this Agreement or during its award (including improper implementation of the action, non-compliance with the call conditions, submission of false information, failure to provide required information, breach of ethics or security rules (if applicable), etc.), or
- (b) a beneficiary (or a person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed — in other EU grants awarded to it under similar conditions — systemic or recurrent errors, irregularities, fraud or

serious breach of obligations that have a material impact on this grant (extension of findings; see Article 25.5).

If payments are suspended for one or more beneficiaries, the granting authority will make partial payment(s) for the part(s) not suspended. If suspension concerns the final payment, the payment (or recovery) of the remaining amount after suspension is lifted will be considered to be the payment that closes the action.

### 30.2 Procedure

Before suspending payments, the granting authority will send a **pre-information letter** to the beneficiary concerned:

- formally notifying the intention to suspend payments and the reasons why and
- requesting observations within 30 days of receiving notification.

If the granting authority does not receive observations or decides to pursue the procedure despite the observations it has received, it will confirm the suspension (**confirmation letter**). Otherwise, it will formally notify that the procedure is discontinued.

At the end of the suspension procedure, the granting authority will also inform the coordinator.

The suspension will **take effect** the day after the confirmation notification is sent.

If the conditions for resuming payments are met, the suspension will be **lifted**. The granting authority will formally notify the beneficiary concerned (and the coordinator) and set the suspension end date.

During the suspension, no prefinancing will be paid to the beneficiaries concerned. For interim payments, the periodic reports for all reporting periods except the last one (see Article 21) must not contain any financial statements from the beneficiary concerned (or its affiliated entities). The coordinator must include them in the next periodic report after the suspension is lifted or — if suspension is not lifted before the end of the action — in the last periodic report.

## ARTICLE 31 — GRANT AGREEMENT SUSPENSION

### 31.1 Consortium-requested GA suspension

#### 31.1.1 Conditions and procedure

The beneficiaries may request the suspension of the grant or any part of it, if exceptional circumstances — in particular *force majeure* (see Article 35) — make implementation impossible or excessively difficult.

The coordinator must submit a request for **amendment** (see Article 39), with:

- the reasons why
- the date the suspension takes effect; this date may be before the date of the submission of the amendment request and
- the expected date of resumption.

The suspension will **take effect** on the day specified in the amendment.

Once circumstances allow for implementation to resume, the coordinator must immediately request another **amendment** of the Agreement to set the suspension end date, the resumption date (one day after suspension end date), extend the duration and make other changes necessary to adapt the action to the new situation (see Article 39) — unless the grant has been terminated (see Article 32). The suspension will be **lifted** with effect from the suspension end date set out in the amendment. This date may be before the date of the submission of the amendment request.

During the suspension, no prefinancing will be paid. Moreover, no work may be done. Ongoing work packages must be interrupted and no new work packages may be started.

## 31.2 EU-initiated GA suspension

### 31.2.1 Conditions

The granting authority may suspend the grant or any part of it, if:

- (a) a beneficiary (or a person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed or is suspected of having committed:
  - (i) substantial errors, irregularities or fraud or
  - (ii) serious breach of obligations under this Agreement or during its award (including improper implementation of the action, non-compliance with the call conditions, submission of false information, failure to provide required information, breach of ethics or security rules (if applicable), etc.), or
- (b) a beneficiary (or a person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed — in other EU grants awarded to it under similar conditions — systemic or recurrent errors, irregularities, fraud or serious breach of obligations that have a material impact on this grant (extension of findings; see Article 25.5)
- (c) other:
  - (i) linked action issues: not applicable
  - (ii) additional GA suspension grounds: not applicable.

### 31.2.2 Procedure

Before suspending the grant, the granting authority will send a **pre-information letter** to the coordinator:

- formally notifying the intention to suspend the grant and the reasons why and
- requesting observations within 30 days of receiving notification.

If the granting authority does not receive observations or decides to pursue the procedure despite the observations it has received, it will confirm the suspension (**confirmation letter**). Otherwise, it will formally notify that the procedure is discontinued.

The suspension will **take effect** the day after the confirmation notification is sent (or on a later date specified in the notification).

Once the conditions for resuming implementation of the action are met, the granting authority will formally notify the coordinator a **lifting of suspension letter**, in which it will set the suspension end date and invite the coordinator to request an amendment of the Agreement to set the resumption date (one day after suspension end date), extend the duration and make other changes necessary to adapt the action to the new situation (see Article 39) — unless the grant has been terminated (see Article 32). The suspension will be **lifted** with effect from the suspension end date set out in the lifting of suspension letter. This date may be before the date on which the letter is sent.

During the suspension, no prefinancing will be paid. Moreover, no work may be done. Ongoing work packages must be interrupted and no new work packages may be started.

The beneficiaries may not claim damages due to suspension by the granting authority (see Article 33).

Grant suspension does not affect the granting authority's right to terminate the grant or a beneficiary (see Article 32) or reduce the grant (see Article 28).

## ARTICLE 32 — GRANT AGREEMENT OR BENEFICIARY TERMINATION

### 32.1 Consortium-requested GA termination

#### 32.1.1 Conditions and procedure

The beneficiaries may request the termination of the grant.

The coordinator must submit a request for **amendment** (see Article 39), with:

- the reasons why
- the date the consortium ends work on the action ('end of work date') and
- the date the termination takes effect ('termination date'); this date must be after the date of the submission of the amendment request.

The termination will **take effect** on the termination date specified in the amendment.

If no reasons are given or if the granting authority considers the reasons do not justify termination, it may consider the grant terminated improperly.

#### 32.1.2 Effects

The coordinator must — within 60 days from when termination takes effect — submit a **periodic report** (for the open reporting period until termination).

The granting authority will calculate the final grant amount and final payment on the basis of the report submitted and taking into account the lump sum contributions for activities implemented before the end of work date (see Article 22). Partial lump sum contributions for work packages that were not completed (e.g. due to technical reasons) may exceptionally be taken into account.

If the granting authority does not receive the report within the deadline, only lump sum contributions

which are included in an approved periodic report will be taken into account (no contributions if no periodic report was ever approved).

Improper termination may lead to a grant reduction (see Article 28).

After termination, the beneficiaries' obligations (in particular Articles 13 (confidentiality and security), 16 (IPR), 17 (communication, dissemination and visibility), 21 (reporting), 25 (checks, reviews, audits and investigations), 26 (impact evaluation), 27 (rejections), 28 (grant reduction) and 41 (assignment of claims)) continue to apply.

## 32.2 Consortium-requested beneficiary termination

### 32.2.1 Conditions and procedure

The coordinator may request the termination of the participation of one or more beneficiaries, on request of the beneficiary concerned or on behalf of the other beneficiaries.

The coordinator must submit a request for **amendment** (see Article 39), with:

- the reasons why
- the opinion of the beneficiary concerned (or proof that this opinion has been requested in writing)
- the date the beneficiary ends work on the action ('end of work date')
- the date the termination takes effect ('termination date'); this date must be after the date of the submission of the amendment request.

If the termination concerns the coordinator and is done without its agreement, the amendment request must be submitted by another beneficiary (acting on behalf of the consortium).

The termination will **take effect** on the termination date specified in the amendment.

If no information is given or if the granting authority considers that the reasons do not justify termination, it may consider the beneficiary to have been terminated improperly.

### 32.2.2 Effects

The coordinator must — within 60 days from when termination takes effect — submit:

- (i) a **report on the distribution of payments** to the beneficiary concerned
- (ii) a **termination report** from the beneficiary concerned, for the open reporting period until termination, containing an overview of the progress of the work
- (iii) a second **request for amendment** (see Article 39) with other amendments needed (e.g. reallocation of the tasks and the estimated budget of the terminated beneficiary; addition of a new beneficiary to replace the terminated beneficiary; change of coordinator, etc.).

The granting authority will calculate the amount due to the beneficiary on the basis of the reports submitted in previous interim payments (i.e. beneficiary's lump sum contributions for completed and approved work packages).

Lump sum contributions for ongoing/not yet completed work packages will have to be included in the periodic report for the next reporting periods when those work packages have been completed.

If the granting authority does not receive the report on the distribution of payments within the deadline, it will consider that:

- the coordinator did not distribute any payment to the beneficiary concerned and that
- the beneficiary concerned must not repay any amount to the coordinator.

If the second request for amendment is accepted by the granting authority, the Agreement is **amended** to introduce the necessary changes (see Article 39).

If the second request for amendment is rejected by the granting authority (because it calls into question the decision awarding the grant or breaches the principle of equal treatment of applicants), the grant may be terminated (see Article 32).

Improper termination may lead to a reduction of the grant (see Article 31) or grant termination (see Article 32).

After termination, the concerned beneficiary's obligations (in particular Articles 13 (confidentiality and security), 16 (IPR), 17 (communication, dissemination and visibility), 21 (reporting), 25 (checks, reviews, audits and investigations), 26 (impact evaluation), 27 (rejections), 28 (grant reduction) and 41 (assignment of claims)) continue to apply.

### **32.3 EU-initiated GA or beneficiary termination**

#### **32.3.1 Conditions**

The granting authority may terminate the grant or the participation of one or more beneficiaries, if:

- (a) one or more beneficiaries do not accede to the Agreement (see Article 40)
- (b) a change to the action or the legal, financial, technical, organisational or ownership situation of a beneficiary is likely to substantially affect the implementation of the action or calls into question the decision to award the grant (including changes linked to one of the exclusion grounds listed in the declaration of honour)
- (c) following termination of one or more beneficiaries, the necessary changes to the Agreement (and their impact on the action) would call into question the decision awarding the grant or breach the principle of equal treatment of applicants
- (d) implementation of the action has become impossible or the changes necessary for its continuation would call into question the decision awarding the grant or breach the principle of equal treatment of applicants
- (e) a beneficiary (or person with unlimited liability for its debts) is subject to bankruptcy proceedings or similar (including insolvency, winding-up, administration by a liquidator or court, arrangement with creditors, suspension of business activities, etc.)
- (f) a beneficiary (or person with unlimited liability for its debts) is in breach of social security or tax obligations

- (g) a beneficiary (or person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has been found guilty of grave professional misconduct
- (h) a beneficiary (or person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed fraud, corruption, or is involved in a criminal organisation, money laundering, terrorism-related crimes (including terrorism financing), child labour or human trafficking
- (i) a beneficiary (or person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) was created under a different jurisdiction with the intent to circumvent fiscal, social or other legal obligations in the country of origin (or created another entity with this purpose)
- (j) a beneficiary (or person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed:
  - (i) substantial errors, irregularities or fraud or
  - (ii) serious breach of obligations under this Agreement or during its award (including improper implementation of the action, non-compliance with the call conditions, submission of false information, failure to provide required information, breach of ethics or security rules (if applicable), etc.)
- (k) a beneficiary (or person having powers of representation, decision-making or control, or person essential for the award/implementation of the grant) has committed — in other EU grants awarded to it under similar conditions — systemic or recurrent errors, irregularities, fraud or serious breach of obligations that have a material impact on this grant (extension of findings; see Article 25.5)
- (l) despite a specific request by the granting authority, a beneficiary does not request — through the coordinator — an amendment to the Agreement to end the participation of one of its affiliated entities or associated partners that is in one of the situations under points (d), (f), (e), (g), (h), (i) or (j) and to reallocate its tasks, or
- (m) other:
  - (i) linked action issues: not applicable
  - (ii) additional GA termination grounds: not applicable.

### 32.3.2 Procedure

Before terminating the grant or participation of one or more beneficiaries, the granting authority will send a **pre-information letter** to the coordinator or beneficiary concerned:

- formally notifying the intention to terminate and the reasons why and
- requesting observations within 30 days of receiving notification.

If the granting authority does not receive observations or decides to pursue the procedure despite

the observations it has received, it will confirm the termination and the date it will take effect (**confirmation letter**). Otherwise, it will formally notify that the procedure is discontinued.

For beneficiary terminations, the granting authority will — at the end of the procedure — also inform the coordinator.

The termination will **take effect** the day after the confirmation notification is sent (or on a later date specified in the notification; ‘termination date’).

### 32.3.3 Effects

#### (a) for **GA termination**:

The coordinator must — within 60 days from when termination takes effect — submit a **periodic report** (for the last open reporting period until termination).

The granting authority will calculate the final grant amount and final payment on the basis of the report submitted and taking into account the lump sum contributions for activities implemented before termination takes effect (see Article 22). Partial lump sum contributions for work packages that were not completed (e.g. due to technical reasons) may exceptionally be taken into account.

If the grant is terminated for breach of the obligation to submit reports, the coordinator may not submit any report after termination.

If the granting authority does not receive the report within the deadline, only lump sum contributions which are included in an approved periodic report will be taken into account (no contributions if no periodic report was ever approved).

Termination does not affect the granting authority’s right to reduce the grant (see Article 28) or to impose administrative sanctions (see Article 34).

The beneficiaries may not claim damages due to termination by the granting authority (see Article 33).

After termination, the beneficiaries’ obligations (in particular Articles 13 (confidentiality and security), 16 (IPR), 17 (communication, dissemination and visibility), 21 (reporting), 25 (checks, reviews, audits and investigations), 26 (impact evaluation), 27 (rejections), 28 (grant reduction) and 41 (assignment of claims)) continue to apply.

#### (b) for **beneficiary termination**:

The coordinator must — within 60 days from when termination takes effect — submit:

- (i) a **report on the distribution of payments** to the beneficiary concerned
- (ii) a **termination report** from the beneficiary concerned, for the open reporting period until termination, containing an overview of the progress of the work
- (iii) a **request for amendment** (see Article 39) with any amendments needed (e.g. reallocation of the tasks and the estimated budget of the terminated beneficiary; addition of a new beneficiary to replace the terminated beneficiary; change of coordinator, etc.).

The granting authority will calculate the amount due to the beneficiary on the basis of the reports submitted in previous interim payments (i.e. beneficiary's lump sum contributions for completed and approved work packages).

Lump sum contributions for ongoing/not yet completed work packages will have to be included in the periodic report for the next reporting periods when those work packages have been completed.

If the granting authority does not receive the report on the distribution of payments within the deadline, it will consider that:

- the coordinator did not distribute any payment to the beneficiary concerned and that
- the beneficiary concerned must not repay any amount to the coordinator.

If the request for amendment is accepted by the granting authority, the Agreement is **amended** to introduce the necessary changes (see Article 39).

If the request for amendment is rejected by the granting authority (because it calls into question the decision awarding the grant or breaches the principle of equal treatment of applicants), the grant may be terminated (see Article 32).

After termination, the concerned beneficiary's obligations (in particular Articles 13 (confidentiality and security), 16 (IPR), 17 (communication, dissemination and visibility), 21 (reporting), 25 (checks, reviews, audits and investigations), 26 (impact evaluation), 27 (rejections), 28 (grant reduction) and 41 (assignment of claims)) continue to apply.

## **SECTION 3 OTHER CONSEQUENCES: DAMAGES AND ADMINISTRATIVE SANCTIONS**

### **ARTICLE 33 — DAMAGES**

#### **33.1 Liability of the granting authority**

The granting authority cannot be held liable for any damage caused to the beneficiaries or to third parties as a consequence of the implementation of the Agreement, including for gross negligence.

The granting authority cannot be held liable for any damage caused by any of the beneficiaries or other participants involved in the action, as a consequence of the implementation of the Agreement.

#### **33.2 Liability of the beneficiaries**

The beneficiaries must compensate the granting authority for any damage it sustains as a result of the implementation of the action or because the action was not implemented in full compliance with the Agreement, provided that it was caused by gross negligence or wilful act.

The liability does not extend to indirect or consequential losses or similar damage (such as loss of profit, loss of revenue or loss of contracts), provided such damage was not caused by wilful act or by a breach of confidentiality.

## **ARTICLE 34 — ADMINISTRATIVE SANCTIONS AND OTHER MEASURES**

Nothing in this Agreement may be construed as preventing the adoption of administrative sanctions (i.e. exclusion from EU award procedures and/or financial penalties) or other public law measures, in addition or as an alternative to the contractual measures provided under this Agreement (see, for instance, Articles 135 to 145 EU Financial Regulation 2018/1046 and Articles 4 and 7 of Regulation 2988/95<sup>18</sup>).

## **SECTION 4 FORCE MAJEURE**

### **ARTICLE 35 — FORCE MAJEURE**

A party prevented by force majeure from fulfilling its obligations under the Agreement cannot be considered in breach of them.

‘Force majeure’ means any situation or event that:

- prevents either party from fulfilling their obligations under the Agreement,
- was unforeseeable, exceptional situation and beyond the parties’ control,
- was not due to error or negligence on their part (or on the part of other participants involved in the action), and
- proves to be inevitable in spite of exercising all due diligence.

Any situation constituting force majeure must be formally notified to the other party without delay, stating the nature, likely duration and foreseeable effects.

The parties must immediately take all the necessary steps to limit any damage due to force majeure and do their best to resume implementation of the action as soon as possible.

## **CHAPTER 6 FINAL PROVISIONS**

### **ARTICLE 36 — COMMUNICATION BETWEEN THE PARTIES**

#### **36.1 Forms and means of communication — Electronic management**

EU grants are managed fully electronically through the EU Funding & Tenders Portal (‘Portal’).

All communications must be made electronically through the Portal in accordance with the Portal Terms and Conditions and using the forms and templates provided there (except if explicitly instructed otherwise by the granting authority).

Communications must be made in writing and clearly identify the grant agreement (project number and acronym).

---

<sup>18</sup> Council Regulation (EC, Euratom) No 2988/95 of 18 December 1995 on the protection of the European Communities financial interests (OJ L 312, 23.12.1995, p. 1).

Communications must be made by persons authorised according to the Portal Terms and Conditions. For naming the authorised persons, each beneficiary must have designated — before the signature of this Agreement — a ‘legal entity appointed representative (LEAR)’. The role and tasks of the LEAR are stipulated in their appointment letter (see Portal Terms and Conditions).

If the electronic exchange system is temporarily unavailable, instructions will be given on the Portal.

### **36.2 Date of communication**

The sending date for communications made through the Portal will be the date and time of sending, as indicated by the time logs.

The receiving date for communications made through the Portal will be the date and time the communication is accessed, as indicated by the time logs. Formal notifications that have not been accessed within 10 days after sending, will be considered to have been accessed (see Portal Terms and Conditions).

If a communication is exceptionally made on paper (by e-mail or postal service), general principles apply (i.e. date of sending/receipt). Formal notifications by registered post with proof of delivery will be considered to have been received either on the delivery date registered by the postal service or the deadline for collection at the post office.

If the electronic exchange system is temporarily unavailable, the sending party cannot be considered in breach of its obligation to send a communication within a specified deadline.

### **36.3 Addresses for communication**

The Portal can be accessed via the Europa website.

The address for paper communications to the granting authority (if exceptionally allowed) is the official mailing address indicated on its website.

For beneficiaries, it is the legal address specified in the Portal Participant Register.

## **ARTICLE 37 — INTERPRETATION OF THE AGREEMENT**

The provisions in the Data Sheet take precedence over the rest of the Terms and Conditions of the Agreement.

Annex 5 takes precedence over the Terms and Conditions.

The Terms and Conditions take precedence over the Annexes other than Annex 5.

Annex 2 takes precedence over Annex 1.

## **ARTICLE 38 — CALCULATION OF PERIODS AND DEADLINES**

In accordance with Regulation No 1182/71<sup>19</sup>, periods expressed in days, months or years are calculated from the moment the triggering event occurs.

---

<sup>19</sup> Regulation (EEC, Euratom) No 1182/71 of the Council of 3 June 1971 determining the rules applicable to periods, dates and time-limits (OJ L 124, 8/6/1971, p. 1).

The day during which that event occurs is not considered as falling within the period.

‘Days’ means calendar days, not working days.

## ARTICLE 39 — AMENDMENTS

### 39.1 Conditions

The Agreement may be amended, unless the amendment entails changes to the Agreement which would call into question the decision awarding the grant or breach the principle of equal treatment of applicants.

Amendments may be requested by any of the parties.

### 39.2 Procedure

The party requesting an amendment must submit a request for amendment signed directly in the Portal Amendment tool.

The coordinator submits and receives requests for amendment on behalf of the beneficiaries (see Annex 3). If a change of coordinator is requested without its agreement, the submission must be done by another beneficiary (acting on behalf of the other beneficiaries).

The request for amendment must include:

- the reasons why
- the appropriate supporting documents and
- for a change of coordinator without its agreement: the opinion of the coordinator (or proof that this opinion has been requested in writing).

The granting authority may request additional information.

If the party receiving the request agrees, it must sign the amendment in the tool within 45 days of receiving notification (or any additional information the granting authority has requested). If it does not agree, it must formally notify its disagreement within the same deadline. The deadline may be extended, if necessary for the assessment of the request. If no notification is received within the deadline, the request is considered to have been rejected.

An amendment **enters into force** on the day of the signature of the receiving party.

An amendment **takes effect** on the date of entry into force or other date specified in the amendment.

## ARTICLE 40 — ACCESSION AND ADDITION OF NEW BENEFICIARIES

### 40.1 Accession of the beneficiaries mentioned in the Preamble

The beneficiaries which are not coordinator must accede to the grant by signing the accession form (see Annex 3) directly in the Portal Grant Preparation tool, within 30 days after the entry into force of the Agreement (see Article 44).

They will assume the rights and obligations under the Agreement with effect from the date of its entry into force (see Article 44).

If a beneficiary does not accede to the grant within the above deadline, the coordinator must — within 30 days — request an amendment (see Article 39) to terminate the beneficiary and make any changes necessary to ensure proper implementation of the action. This does not affect the granting authority's right to terminate the grant (see Article 32).

#### **40.2 Addition of new beneficiaries**

In justified cases, the beneficiaries may request the addition of a new beneficiary.

For this purpose, the coordinator must submit a request for amendment in accordance with Article 39. It must include an accession form (see Annex 3) signed by the new beneficiary directly in the Portal Amendment tool.

New beneficiaries will assume the rights and obligations under the Agreement with effect from the date of their accession specified in the accession form (see Annex 3).

Additions are also possible in mono-beneficiary grants.

### **ARTICLE 41 — TRANSFER OF THE AGREEMENT**

In justified cases, the beneficiary of a mono-beneficiary grant may request the transfer of the grant to a new beneficiary, provided that this would not call into question the decision awarding the grant or breach the principle of equal treatment of applicants.

The beneficiary must submit a request for **amendment** (see Article 39), with

- the reasons why
- the accession form (see Annex 3) signed by the new beneficiary directly in the Portal Amendment tool and
- additional supporting documents (if required by the granting authority).

The new beneficiary will assume the rights and obligations under the Agreement with effect from the date of accession specified in the accession form (see Annex 3).

### **ARTICLE 42 — ASSIGNMENTS OF CLAIMS FOR PAYMENT AGAINST THE GRANTING AUTHORITY**

The beneficiaries may not assign any of their claims for payment against the granting authority to any third party, except if expressly approved in writing by the granting authority on the basis of a reasoned, written request by the coordinator (on behalf of the beneficiary concerned).

If the granting authority has not accepted the assignment or if the terms of it are not observed, the assignment will have no effect on it.

In no circumstances will an assignment release the beneficiaries from their obligations towards the granting authority.

## **ARTICLE 43 — APPLICABLE LAW AND SETTLEMENT OF DISPUTES**

### **43.1 Applicable law**

The Agreement is governed by the applicable EU law, supplemented if necessary by the law of Belgium.

Special rules may apply for beneficiaries which are international organisations (if any; see Data Sheet, Point 5).

### **43.2 Dispute settlement**

If a dispute concerns the interpretation, application or validity of the Agreement, the parties must bring action before the EU General Court — or, on appeal, the EU Court of Justice — under Article 272 of the Treaty on the Functioning of the EU (TFEU).

For non-EU beneficiaries (if any), such disputes must be brought before the courts of Brussels, Belgium — unless an international agreement provides for the enforceability of EU court judgements.

For beneficiaries with arbitration as special dispute settlement forum (if any; see Data Sheet, Point 5), the dispute will — in the absence of an amicable settlement — be settled in accordance with the Rules for Arbitration published on the Portal.

If a dispute concerns administrative sanctions, offsetting or an enforceable decision under Article 299 TFEU (see Articles 22 and 34), the beneficiaries must bring action before the General Court — or, on appeal, the Court of Justice — under Article 263 TFEU.

For grants where the granting authority is an EU executive agency (see Preamble), actions against offsetting and enforceable decisions must be brought against the European Commission (not against the granting authority; see also Article 22).

## **ARTICLE 44 — ENTRY INTO FORCE**

The Agreement will enter into force on the day of signature by the granting authority or the coordinator, depending on which is later.

### **SIGNATURES**

For the coordinator

For the granting authority

## PROJECT SUMMARY

### Project summary

*Grant Preparation (General Information screen) — Provide an overall description of your project (including context and overall objectives, planned activities and main achievements, and expected results and impacts (on target groups, change procedures, capacities, innovation etc)). This summary should give readers a clear idea of what your project is about.*

*Use the project summary from your proposal.*

The main objective of the project is to support the equality between European nations, between the majority and minorities. Equality means struggling for equal position for everyone, regardless of nationality, age, or gender. Equality in the project will be achieved by striving for tolerance, non-discrimination, and mutual dialogue. The project will be implemented by citizens of five EU countries. There will be representatives of municipalities and ordinary citizens as well as members of ethnical minorities. There will be the Roma minority (living in the municipalities of Tomášikovo, Svitávka, and Naszály), and Hungarian minority (living in Tomášikovo and Borsec). Minorities are often marginalized; therefore, it is difficult to talk about equality. The project has to change this and help the minority members to move to the level of majority. The activities will put special emphasis on equal engagement and participation of minorities. Several activities will be directly connected to the issue of minorities. They will help in mitigating differences and developing mutual tolerance. Another important element is cultural and linguistic diversity of minorities and the five present nations. Culture will represent the element of mutual connections and destroying prejudices. Increased interest in the EU is another important element of the project. The EU represents a uniting element nowadays. We find it important that citizens shall be more widely engaged in the EU, and the EU shall be considered a place of solidarity and peace. Raising awareness about the EU and discussion about the EU-related issues will help in developing the stronger sense of responsibility for the European project. People associating themselves with the EU will form the base for strengthening the partnership from inside.

<b>Work Package Name</b>	Equality - event		
<b>Start Month</b>	1	<b>End Month</b>	12

**Objectives**

Promoting the principle of equality  
 Raising the interest of citizens in the EU and its future  
 Eliminating the prejudices against other nations and minorities  
 Highlighting the cultural and language diversity of Europe  
 Strengthening the internal integration of the partnership  
 Ensuring space for meetings among participants and starting friendships

**Description**

Project will be implemented as one single 3-days event. It will consist of the activities: workshops, trainings, debates, presentations, awareness-raising activities, exchanges and dissemination of good practices, and communication activities. These activities will present the financial support by the CERV Programme funds and important topics such as COVID-19 pandemic, solidarity and equality in EU. We will commemorate the events from the last two years, we all have lived in. There will also be an exchange of experiences in crisis management. We will deal with the problems and needs of the marginalized Roma communities at the whole European level. EuropeDirect centra will be also present at the event presenting basics about the EU to children and adults. We will debate about achievements and future of the EU. Culture will also play important role during the event. These activities and topics will address the citizens of partner municipalities.

Description
<p>Title of the event: Call for equality  Type of event (in situ): public event  Venue: Tomášikovo (Slovakia)  Indicative dates of the event: 07-09/07/2029  Duration of the project: 12 months  Estimated number of countries: 5 (SK, RO, HU, CZ, SWE)  Estimated number of individual direct participants: 710  Estimated number of invited participants: 210 (10 from SWE, 50 from RO, 100 from HU, 50 from CZ)  Agenda/brief description of the event:  The main objective of the project is to support equality among European nations, between the majority and minorities. The goal is to open space in the event for everyone, so that all partners, citizens, men and women, members of majorities and minorities are looked upon equally. Thanks to this, we will actively fight against discrimination and overcome prejudices and intolerance. The project will be implemented as a three-day-long event. The Day 1 will be focused on including the Roma minority to society. At the same time, we will discuss the COVID-19 pandemic and how it is approached by local communities. The Day 2 will be dedicated to presenting the successes of the EU. It will also be devoted to volunteering, solidarity, and cultural diversity of European nations. The Day 3 will be focused on youth and learning about the benefits and current issues tackled by the EU.  Implementation method: implementation of activities planned for the 3 days event.  The activities are designed for the target group of: citizens from the partner municipalities – participants in the project.  Outputs: Event Description Sheet (ESD) published on the host municipality website - <a href="http://www.tomasikovo.sk">www.tomasikovo.sk</a>. Pictures, video and other outputs will be published here as well.</p>

## PROJECT SUMMARY

### Project summary

See Abstract (Application Form Part A).

## 1. RELEVANCE

### 1.1 Background and general objectives

#### Background and general objectives

*Describe the background and rationale of the project.*

*How is the project relevant to the scope of the call? How does the project address the general objectives of the call? What is the project's contribution to the priorities of the call?*

*Which target groups will be supported/assisted by/in the project. Why have you chosen to focus on them?*

The idea of implementing the project was based on the current situation in Europe. The COVID-19 pandemic caused closing the borders and partial limitation of freedoms. This touched all citizens, their communities and minorities living in the partner municipalities. They were isolated. In order to facilitate their return back to normality and society, the partners decided to implement the project together, with one of the big themes being the work with minorities, especially the Roma. The main motto of the project is the call for equality. Thus, we want to show the public that we care for everyone. At the same time, we fulfil the set themes and priorities of the call.

#### ***Raising awareness on the richness of the cultural and linguistic environment in Europe***

The project will be implemented as a 3-day-long event, attended by the partner municipalities Tomášikovo (SK), Borsec (RO), Aba (HU), Naszály (HU), Svitávka (CZ), and Kinna (SWE). They are located in five European countries. Each of them has a specific culture and a specific language. The municipalities will be presented in the project. The implemented activities will show cultural and linguistic diversity of the partnership and Europe. Besides the culture of nations, there will also be presented the culture of ethnical minorities. Numerous members of the Roma and Hungarian minority live in Tomášikovo. They will also be in the centre of attention and present their cultural traditions. Culture is the determinant for connecting people from various sides of Europe. At the same time, it will present the means of dialogue between nations and minorities. By its activities (cultural activities with the Roma minority and cultural richness of Europe), the project will give floor to cultural identity of all citizens. This way, there will be a new space for building mutual tolerance, understanding, and mutual identity.

#### ***Raising awareness of the importance of reinforcing the European integration process based on solidarity***

The main idea of the project is focus on equality - equality between nations, men and women, majority and minorities, and different age groups. This idea is based on mutual solidarity and assistance. The project is linked to gradual opening of the world after the COVID-19 pandemic. During the pandemic, the countries and people closed up. Now, we have to start with care and solidarity, which is proved by the project activities (introduction of the „Union of Equality“ documentary, Call for equality, European solidarity). Solidarity and equality will walk hand in hand in the project. The partnership of the municipalities is the element of integration at the local level. Therefore, the partners want the cooperation of the municipalities to become a symbol for solidarity, avoiding national perceptions, and fostering the mutual dialogue. The mutually implement project shall support the partnership as an element of integration in the EU, and stress the importance of solidarity and mutual help. This way, we will show the citizens that connections are as important as mutual understanding.

#### ***Fostering a sense of belonging to Europe by promoting the debate on the future of Europe***

Increased interest in the EU is one of the project elements. There will be presented successes of the EU throughout its history and in lives of citizens. This way, the EU will enter informal discussions of the

citizens. Consequently, the project will prepare the discussion about the future directions of the EU and its future. Youth will have special place in learning about the EU. Young people are the future of each nation and it is important to teach them about the positive aspects of the EU. The goal is to become active Europeans, involved in the EU. The project will develop stronger sense of responsibility for the European project in youth with help of presentation of outcomes from the Conference on the future of Europe. This way, we want to fight euroscepticism. The partners want to see this sphere pragmatically, which means that they will implement the activities providing relevant information about the EU and motivating the discussion on Europe that we want. This way, there will be opened space for drawing the EU closer to citizens and supporting the feeling of belonging to Europe.

### **Reflecting on the impact of the COVID-19 pandemic on the local communities**

The theme of COVID-19 pandemic will be discussed in the project, during the debate on the pandemic impacts on local communities and in the exhibition of photographs. In the debate we will exchange experiences and best practices regarding the pandemic measures. This issue is important, as countries, municipalities, and communities closed during the pandemic. Now, they are slowly opening again, and the community life is being restarted. In our case, it is the organization of the international event, attended by communities from the partner municipalities. The task of the project is to share data and examples of best practices regarding the pandemic.

These priorities will be met by the project implementation.

The project supports the following target groups:

Children and youth – younger generations are the future of every municipality, country, partnership and the EU. The project is an opportunity to direct and lead them the right way. Within the project, younger generations will gain impulses and information about tolerance, solidarity, equality and non-discrimination. Their participation will be in accordance with documents dealing with fundamental rights of children.

Adults – they are the main group of participants. The opportunity to get to know new people from foreign countries is unrepeatable. Therefore, the project will provide space for this group to accept impulses and gain new knowledge and information, which could be used for making new friendships.

Seniors – these are the people with experience but pushed to the fringe of society. The project will help them to break free from the old age and hand their knowledge further.

Representatives of the municipalities – they are important for taking patronage over the partnership. Within the project, they will have an opportunity to mutually discuss and exchange good practices.

## **1.2 Needs analysis and specific objectives**

### **Needs analysis and specific objectives (n/a for Programme Contact Points)**

*Provide a needs assessment. A need is a gap between what is and what should/ would be helpful or useful.*

*The needs assessment should be your starting point. Specify what needs will be addressed and how they have been identified. It should be specific and focus on the actual needs of the target group. It should include relevant, reliable data and, a robust analysis clearly demonstrating the need for the action (therefore, avoid references to generic statements and information about the problems and needs of the target group). The needs assessment should incorporate gender equality issues and non-discrimination considerations that identify the differences between and among women and men, girls and boys, in terms of their relative position in society and the distribution of resources, opportunities, constraints and power in a given context. The data supporting the needs assessment should be disaggregated by sex, as well as age or disability, whenever possible. You can refer to existing research, studies and previous projects that already demonstrate the need for action.*

*If your project is supported by a public authority, annex the Letter of support.*

The needs analysis was prepared in the preparation phase of the project. It resulted in the need to implement the project, which will be attended by citizens of the partner municipalities from the five EU member states. The goal of the project is to remove the elements of discrimination in the partnership and between the nations. In this sense the partnership needs correspond with the objectives of the CERV Programme and objectives of the call CERV-2022-CITIZENS-TOWN.

***To promote exchanges between citizens of different countries***

Five nations will meet and connect in the project. There will be interactions and communication between them. Together, they will discuss the current themes and exchange experience, for example in the field of coping with the COVID-19 pandemic, work with minorities, and building the partnership.

***To give citizens the opportunity to discover the cultural diversity of the European Union and to make them aware that European values and cultural heritage constitute the foundation for a common future***

Presentation of culture of the five nations and several ethnical minorities is one of the pillars of the project. The presentations will be held in the first two days of the event. Within them, we will have the opportunity to learn about cultural identity of Slovak, Czech, Hungarian, Romanian, and Swedish language, as well as the Roma and Hungarian minority. By this, we will succeed in removing the ethnical barriers and prejudices and reach connecting the nations.

***To guarantee peaceful relations between Europeans and to ensure their active participation at the local level***

The project activities will display the themes which are very pertinent in the whole European Union. The themes will be succeeded by discussions. Ordinary citizens will have the opportunity to express their opinions in the discussions. Volunteering will be presented through two non-profit organizations. Volunteering means active citizenship. Active participation of ordinary citizens will be ensured in presenting volunteering and active participation in the discussions.

***To reinforce mutual understanding and friendship between European citizens***

The activity plan is designed so that the citizens of the five countries could meet and communicate. Culture may help in overcoming ethnical and linguistic barriers. The space for the creation of friendships will be opened thanks to this.

***To encourage cooperation between municipalities and the exchange of best practices***

Six municipalities will take part in the project. Together, they will discuss the current themes and exchange experiences, e.g. on handling the COVID-19 pandemic, work with minorities, and building the partnership. The experience will be very fruitful and helpful for the strength of the partnership.

***To support good local governance and reinforce the role of local and regional authorities in the European integration process***

The partnership presents integration in smaller. It is composed of six municipalities / six local authorities. By strengthening the partnership in the common project, we provide the example of good practice in the field of integration process at the EU level.

### 1.3 Complementarity with other actions and innovation — European added value

**Complementarity with other actions and innovation (n/a for Programme Contact Points)**

*Explain how the project builds on the results of past activities carried out in the field and describe its innovative aspects. Explain how the activities are complementary to other activities carried out by other organisations.*

*Illustrate the European dimension of the activities: trans-national dimension of the project; impact/interest for a number of EU countries; possibility to use the results in other countries, potential to develop mutual trust/cross-border cooperation among EU countries, etc.*

*Which countries will benefit from the project (directly and indirectly and why have you chosen them)? Where will the activities take place?*

*Clarify to what extent the project builds on synergies with other EU projects. If applicable, explain to what extent your project builds on previous project results in this field (state of play, relation to existing/recent developments, approaches, achievements, other EU programmes).*

**Note:** The project should also complement or add benefits to the EU Member States' interventions in the area of gender equality and non-discrimination mainstreaming.

The project enlarges the existing partnership and it is an indirect continuation of the mutual project, which was implemented by the partners in 2021. While in 2021, the project was based on a meeting of the partners on the basis of culture, this new project deals with elimination of prejudices against other nations and minorities. The project is an opportunity for changing the partnership and supporting its values.

The project focusing on eliminating prejudices is an innovative element. This is the first challenge for all the partners. Each of them operates in its area, where it tries to support the coexistence with minorities. However, they are not always successful. The project is therefore a new starting point. It provides space for members of the minorities to present themselves before other citizens from their home as well as from other four countries and it is a base for an exchange of experience with working with the minorities. The partners will gain interesting know-how within the project, which they may subsequently use in their area. Except overcoming prejudices against minorities, prejudices against other nations will also be overcome in the project. Mainly in today's period, it is not quite traditional that five European nations meet in one event. As travelling was limited and borders between countries were closed, the borders among nations within the EU grew as well. Even without such situation, some citizens perceive other nations in an unfriendly way. This will change within the project as citizens from five nations will be connected and mutual meetings via culture will be enabled.

The project has a significant European dimension. This is given by an implementation of the European themes into the project activities and by a debate about the current issues concerning the EU. Within the project, workshops and debates with a theme of the EU contributions to the lives of citizens, the EU attitude towards the current themes and problems and its attitude towards the COVID-19 pandemic, will be implemented for participants. This will help to raise the European awareness. Participation of six partners from five EU countries in one mutual project is a second element of the European dimension. These partners will ensure participation of their citizens. Within the project, they will discuss various themes connected with the partnership and the EU, culture and solidarity will be presented, and the European awareness will be developed. The project ideas and outputs will reach five countries by their citizens. Such ideas will include universal solutions to the current issues etc., which will be brought by participants to their households, communities and municipalities. The project impacts will therefore reach countries as Slovakia, Hungary, the Czech Republic, Finland and Romania. Universality of the discussed European themes enables to implement similar project in different countries, too.

The project will be implemented in the municipality of Tomášikovo, Trnava region, Slovakia. All activities will be implemented in its area (workshops, discussions, presentations, and exchanges of good practice). Citizens from these countries will participate in the project: Slovakia, Hungary, the Czech Republic, Sweden and Romania. Altogether six municipalities will participate in the project. These municipalities/countries will gain direct benefits from the project – new friendships, new information on the EU, and the partnership without prejudices and also get to know new countries.

## 2. QUALITY

### 2.1 Concept and methodology

#### Concept and methodology

*Outline the approach and methodology behind the project. Explain why they are the most suitable for achieving the project's objectives. Include ethical and safety considerations to ensure that target groups are not subjected to harm in any way.*

**Note:** Methodology is not a list of activities but are instruments, approaches that will be used, applied and created.

The project framework is based on equal participation of all the partner municipalities in its preparation and implementation. Due to this, any form of discrimination of any from the nations will be prevented and the partnership will be strengthened. Participation of the partners demands also an active participation of their citizens in every implemented activity. Division of activities into several dimensions, which still have mutual elements, is the main method of the project implementation. The European dimension given by spreading information about the EU and discussion about its future is the most important dimension. Moreover, the current issues and themes, which bother all the European countries,

will also be discussed. The European dimension of the project is a significant aspect in development of the partnership and its transformation into a partnership of citizens. Connecting citizens from the partner municipalities, which is expressed within a participation of all participants in all activities by a process of getting to know each other by these activities, mainly the cultural ones, and by a chosen way of implementation of these activities, is the second project dimension. Dividing the activities into active and passive from the viewpoint on the participation is the third dimension. The active participation concerns activities, in which the participants will be in a role of performers, lecturers and presenters. The passive ones concern a role of spectators, e.g. watching performances etc.

The project itself consists of three phases. The first is represented by a project preparation, whose part a designed activity plan described in the work programme is. The project implementation taking place according to the above-mentioned realities is the second phase. A monitoring phase consisting of maintaining the project as well as dissemination results is the third phase.

The project will be implemented by the following working methods:

*Active communication* – this includes intensive communication among partners within preparation and implementation of the project activities. They will mutually communicate about the implementation, about the way of making target groups participate and also mutually seek solutions for the emerged problems.

*Equal participation* – representatives of all the partners will equally participate in the activities, i.e. participants from home municipality as well as from three foreign partner municipalities will be present in every activity. They will be active in debates, presentations, illustrations, and in raising the awareness of the project themes. Mutually as participants, they will gain new European awareness, new information about the EU and its attitudes towards the current themes, and mutually will get to know multiculturalism and multilingualism of the EU environment. Although the activities will be implemented in one place – in the municipality of Tomášikovo, mutual compilation of gained knowledge and information from all the partners on all themes, together with equal participation in the activities will be the project results.

*Managing the project Top Down* – this is a type of management by the project team. Representatives and employees of the applier will be its parts and every partner will have one representative there, too. Within the project team, duties will be divided as the following: a project manager, a financial manager and a coordinator from the municipality of Tomášikovo, a coordinator from the municipality of Kinna (SWE), a coordinator from the municipality of Svítávka (CZ), a coordinator from the municipality of Naszály (HU), a coordinator from the municipality of Aba (HU), and one coordinator from the municipality of Borsec (RO). The project team will manage the project from the organizing, technical and material viewpoint.

*Managing the project Bottom Up* – this is a type of management within so called work breakdown structure method. It means that firstly smaller parts within the activities will be implemented. This will then lead to fulfilment of the whole project activities and subsequently, fulfil the planned aims. Moreover, it means that the project activities as well as the smaller parts will be implemented by participants from six partner municipalities. However, the project team will ensure all the activities in an organizing way.

The project implementation will occur in the times of the receding COVID-19 pandemic. All the activities will therefore observe current and valid regulations and measures of the home country – the Slovak Republic. For an easier way to trace the contacts back, a list of participants will be written down, and all the measures concerning distance, wearing face masks and regular disinfection will be observed.

## 2.2 Consortium set-up

### **Consortium cooperation and division of roles (if applicable)** *(n/a for Town Twinning and Programme Contact Points)*

*Describe the participants (Beneficiaries, Affiliated Entities and Associated Partners, if any) and explain how they will work together to implement the project. How will they bring together the necessary expertise? How will they complement each other?*

*In what way does each of the participants contribute to the project? Show that each has a valid role and adequate resources to fulfil that role.*

**Note:** *When building your consortium you should think of organisations that can help you reach objectives and solve problems.*

N/A

## 2.3 Project teams, staff and experts

<b>Project teams and staff</b> <i>Describe the project teams and how they will work together to implement the project.</i> <i>List the staff included in the project budget (budget category A) by function/profile (e.g. project manager, senior expert/advisor/researcher, junior expert/advisor/researcher, trainers/teachers, technical personnel, administrative personnel etc. and describe briefly their tasks. Provide CVs of all key actors (if required).</i> <b>Note:</b> Please ensure a gender-balanced representation in the composition of project teams and staff performing the action.		
Name and function	Organisation	Role/tasks/professional profile and expertise
Zoltán Horváth, a project manager	Municipality of Tomášikovo	<p>Role: a project manager, a coordinator for the municipality of Tomášikovo</p> <p>Tasks: manages the project, supervises the project preparation and preparation of the project venues, oversees fulfilment of the project goals and milestones, coordinates all the partners, and ensures participation of citizens from the municipality of Tomášikovo in the project activities</p> <p>Profile: the mayor of the municipality of Tomášikovo is in the third term in office. He manages the municipality, has experience with managing people and implements all the projects co-financed by the EU funds and funds and financial means of ministries of the Slovak Republic.</p>
Andrea Csadi, a financial manager	Municipality of Tomášikovo	<p>Role: a financial manager</p> <p>Tasks: manages the project economically, prepares accounting of the project expenses, pays the expenses, and controls the project budget</p> <p>Profile: several years of practice in the sphere of finances of self-government. She implements financial transactions of the municipality, manages accounting of the municipality, and performs financial management within all the projects implemented by the municipality of Tomášikovo.</p>
József Mik, a coordinator for municipality of Borsec	Municipality of Borsec	<p>Role: a coordinator for the municipality of Borsec</p> <p>Tasks: coordinates participation of citizens from the municipality of Borsec in the individual project activities, ensures dissemination of the promoting materials and outputs in the area of the municipality of Borsec, and helps with the implementation of the activities</p> <p>Profile: the mayor of the municipality of Borsec is in the second term in office, and has experience with managing people and implementing projects co-financed by the EU.</p>
Lajos Mikula, a coordinator for the town of Aba	Town of Aba	<p>Role: a coordinator for the town of Aba</p> <p>Tasks: coordinates participation of citizens from the town of Aba in the individual project activities, ensures dissemination of the promoting materials and outputs in the area of the town of Aba, and helps with the implementation of the activities</p> <p>Profile: the mayor of the town of Aba is in the first term in office, and has experience with managing people and implementing projects</p>

		co-financed by the EU.
Petra Maszlavér, a coordinator for the municipality of Naszály	Municipality of Naszály	<p>Role: a coordinator for the municipality of Naszály</p> <p>Tasks: coordinates participation of citizens from the municipality of Naszály in the individual project activities, ensures dissemination of the promoting materials and outputs in the area of the municipality of Naszály, and helps with the implementation of the activities</p> <p>Profile: the mayor of the municipality of Naszály is in the second term in office, and has experience with managing people and implementing projects co-financed by the EU.</p>
Jaroslav Zoubek, a coordinator for the municipality of Svitávka	Municipality of Svitávka	<p>Role: a coordinator for the municipality of Městys Svitávka</p> <p>Tasks: coordinates participation of citizens from the municipality of Městys Svitávka in the individual project activities, ensures dissemination of the promoting materials and outputs in the area of the municipality of Městys Svitávka, and helps with the implementation of the activities</p> <p>Profile: the mayor of the municipality of Městys Svitávka is in the third term in office, and has experience with managing people and implementing projects co-financed by the EU.</p>
Susanne Erixon, a coordinator for the municipality of Kinna	Municipality of Kinna	<p>Role: a coordinator for the municipality of Kinna</p> <p>Tasks: coordinates participation of citizens from the municipality of Kinna in the individual project activities, ensures dissemination of the promoting materials and outputs in the area of the municipality of Kinna, and helps with the implementation of the activities</p> <p>Profile: the mayor of the municipality of Kinna is in the first term in office, and has experience with managing people and implementing projects co-financed by the EU.</p>

#### Outside resources (subcontracting, seconded staff, etc)

*If you do not have all skills/resources in-house, describe how you intend to get them (contributions of members, partner organisations, subcontracting, etc).*

*If there is subcontracting, please also complete the table in section 4. Moreover, ensure that subcontractors are aware of gender mainstreaming and non-discrimination mainstreaming.*

The project team mentioned above will manage the project. All the members have enough experience with implementing projects co-financed by the EU as well as by the national funds and financial means. Thus, there is no need to support it by any other stuff by subcontracting.

## 2.4 Consortium management and decision-making

#### Consortium management and decision-making (if applicable) *(n/a for Town Twinning and Programme Contact Points)*

*Explain the management structures and decision-making mechanisms within the consortium. Describe how decisions will be taken and how regular and effective communication will be ensured. Describe methods to ensure planning and control.*

**Note:** *The concept (including organisational structure and decision-making mechanisms) must be adapted to the complexity and scale of the project.*

N/A

## 2.5 Project management, quality assurance and monitoring and evaluation strategy

### Project management, quality assurance and monitoring and evaluation strategy

*Describe the measures planned to ensure that the project implementation is of high quality and completed in time.*

*Describe the methods to ensure good quality, monitoring, planning and control.*

*Describe the evaluation methods and indicators (quantitative and qualitative) to monitor and verify the outreach and coverage of the activities and results (including unit of measurement, baseline and target values). The indicators proposed to measure progress should be relevant, realistic and measurable.*

**Note:** *The monitoring and evaluation strategy should also incorporate gender and non-discrimination considerations in order to measure changes and assess impact on gender equality issues. The indicators should be gender responsive so that they can measure gender equality changes over time. For instance, a gender responsive indicator can measure the increase in women's rate of employment or changes in social attitudes towards gender roles in work-life balance. The evaluation should be participatory and inclusive to all stakeholders, ensuring that women's and men's voices are prevalent throughout the entire evaluation process.*

The project management will be responsible for managing the project. Within the managing structure, a project manager will lead the project team. She will be responsible for coordination of all the partners and citizens from the home municipality, as well as manage the project activities, supervise the project preparation and preparation of the venues, and oversee fulfilment of the project aims and milestones. The financial manager will be responsible for the financial management of the project, accounting of the project, processing accounting statements and records and realizing payments. Coordinators from the individual municipalities will coordinate participation of their citizens in the activities, ensure dissemination of the promoting materials and outputs of the project and help with the implementation of activities. This team will lead the overall project implementation. Every member has direct experience with implementing projects co-financed from the European and national financial means.

The project will be implemented, while coordinated by all the partners. Within the preparatory phase, the partners agreed on the individual duties, activity plan and dissemination, i.e. they divided duties and responsibility to ensure a smooth course of the event. That is also why control mechanisms were set – to prevent possible risks during the implementation. Within the project, a mechanism of control will be created, which will have the duty to oversee the project progress. The project team will be charged with such controlling activity. Except control, the mechanism sets also some further mechanisms and rules. They could be divided into external and internal.

The internal control will be performed by the project team with an aim to immediately find and eliminate defects and possible discrepancy of the implemented activities with the activity plan, budget and project aims. The control will be continuous and consist of:

- preparation of documents for the project implementation
- control of accordance of the implemented activities with reality
- control of public procurement and all linked activities
- control of fulfilling the financial network and financial statements
- control of duties arisen from the contracts

The external control will be performed from the side of the donor – an administrator of CERV Programme in a form of control of the project clearance.

Reaching the project results in the most economic way will be ensured by using personal and expert authorities. Due to this, activities will not be divided into internal and external and financial means will be saved, too, as overpricing the activities via an external part will not take place. Moreover, this will enable a full control over the process of implementation of the activities. It is obvious that the partners do not have enough facilities, means and authorities for all the activities implemented within the project. Therefore, a small part of the budget will be supported externally, too.

The project quality depends to a considerable extent on the planned indicators and mainly on their fulfilment. By fulfilling the measurable indicators, sense of the project and its successful termination will be proved. As the qualitative indicators are measurable with difficulty, quantitative indicators prevail in the chosen indicators.

The project indicators are as the following:

*Quantitative indicators:*

Number of implemented events: 1
Number of participants in the event: 710
Number of women from the total number of participants: 355
Number of used communication means (media, Internet, promotion): 4
Number of created partnerships: 1
Number of participating countries: 5
<i>Qualitative indicators:</i>
Raised interest in the EU among the young (number of searched themes connected with the EU, raised interest in the projects co-financed by the EU funds)
Equality in opportunities for men and women within the project implementation (attendance lists, photo-documentation)
Participation of all age categories in the project activities (photo-documentation from the activities)
The project encourages creation of other activities after its termination (other mutual activities)
The project has ensured technical and financial sustainability of its outputs (declaration of ensuring the financing of the project and its outputs)
Each from the chosen indicators will provide a possible way of measuring the project success. From the viewpoint of the quantitative indicators, it will be possible to measure the success right after the project ends, whereas the qualitative indicators will show their fulfilment not until several months after the project ends, within a dissemination and monitoring phase.

## 2.6 Cost effectiveness and financial management

<p><b>Cost effectiveness and financial management</b> <i>(n/a for prefixed Lump Sum Grants)</i></p> <p><i>Describe the measures adopted to ensure that the proposed results and objectives will be achieved in the most cost-effective way.</i></p> <p><i>Indicate the arrangements adopted for the financial management of the project and, in particular, how the financial resources will be allocated and managed within the consortium.</i></p> <p> Do NOT compare and justify the costs of each work package, but summarize briefly why your budget is cost effective.</p>
N/A

## 3. IMPACT

### 3.1 Impact and ambition

<p><b>Impact and ambition</b></p> <p><i>Define the short, medium and long-term effects of the project.</i></p> <p><i>Who are the target groups? How will the target groups benefit concretely from the project and what would change for them? In what way will the gap identified be reduced? How will the activities contribute to improve the situation (difference between starting point/state of play and the situation after the end of the project?) How will the activities contribute to the promotion and advancement of gender equality and non-discrimination mainstreaming?</i></p> <p><i>Does the project aim to trigger change/innovation? If so, describe them and the degree of ambition (progress beyond the status quo).</i></p> <p><b>Note:</b> Results/outcomes are immediate changes that materialise for the target groups after the end of the project (e.g. improved knowledge, increased awareness). Results/outcomes are different to deliverables. Deliverables are</p>
--

*activities undertaken and outputs produced with the resources allocated to the project, e.g. training courses, conferences, manuals, video etc.*

*When defining expected results/outcomes and deliverables please consider if and how they will reduce, maintain, or increase inequalities between women and men, boys and girls, in all their diversity. What gender, age and disability differentiated results can be expected? How expected results will affect women and men, boys and girls from a range of diverse social groups, differently?*

The project strives to point to the fact that every citizen of the EU, every member of a minority, every woman and man are equal. That is why the project is a significant element in building a non-discriminatory society. This element is important in the existence of the partnership, as well as in the life of citizens from the partner municipalities. Citizens are the main project target group and the project will have impacts with a medium and a long-term effect on them. The impacts include:

- Promoting the idea that we are all equal
- Raising interest in the future of Europe
- Supporting active citizens
- Incorporating minorities into society after the pandemic
- Geographic impact

The project will be accessible to all generations, to all citizens from six partner municipalities, to majority as well as to minorities, both men and women. Promoting equality is derived from the existing discrimination in society. Minorities and seniors are left unnoticed and looked through by the society, and women are not provided with the same conditions as men. Now, due to this project, we would help to change that. All participants will participate in the activities; thus their equal status will be ensured. We will break any prejudices against Roma and Hungarian minority, and grant equal rights to women and men. Also the young, seniors and productive citizens will participate in the activities and fulfil them. By cultural presentations, meetings, and mutual discussions, prejudices against other nations will be overcome. Due to this, an important long-term impact will be reached.

The future of Europe concerns all of us. The European Union is an element for uniting nations, and it is the space of mutual peace, freedom and democracy. In today's crisis, this is rather big advantage. Therefore, we will present also the EU success and benefits to the young. By this we will ensure that these issues reach citizens, who would start to talk about it. The aim is to suppress the Euroscepticism and cause feelings of responsibility for the European project. Within the activities, not only the positive benefits of the EU will be presented, but we will also discuss its future, due to which the engagement of citizens in the EU will be raised. The discussion will be led in a way to express one's ideas of the EU status and duties in the future, including the young, who will find out what the EU is preparing for them – the conclusions from the Conference on the future of Europe for the young. Developing the European awareness and a positive view on the Union will be understood as a multiplication effect. This is an impact with a medium-term effect.

Gradual activation towards the active European citizenship is connected with the participation of citizens of all age categories. Activities, which will purposefully provide participants with impulses for their active participation in the public life, will be implemented, too. The emphasis will be laid on the younger generation, as the young are the future of the partnership. Citizens will have an opportunity to participate in the decision-making processes in municipalities, and later in the EU, too. Activation of citizens is one of the principles to strengthen their position in the partnership. It is expected they bring new ideas for the partnership as well as for the EU functioning. The project will help with such activation. This is an impact with a serious long-term effect.

The COVID-19 pandemic has affected lives of communities in the last two years. It has influenced every citizen, but mainly the marginalized communities and the communities of the national minorities, as they have been left on the margin of the society. The partners attempt to actively change it and deal with it mutually within the project implementation. The project thus puts emphasis on the participation of minorities in the activities. It presents problems and needs of minorities, agitates a discussion, and seeks the best examples of best practice. Due to this, the project helps to incorporate minorities into the society. Moreover, it provides an opportunity to present their culture and language. This is an impact with a medium-term effect.

Geographic impact could be perceived as rather high. There are six municipalities from five countries participating in the partnership. All will actively participate in the project, too. This means that the project results and further impacts described above will concern at least one fifth of the EU counties. It is assumed that the project ideas will cross the borders of the regions of the partner municipalities and be spread further. Regarding whole Europe, this is a significant impact as the main project ideas

correspond with the current European priorities and respond to the current affairs in the EU.

Citizens from the partner municipalities are the target group of the project. Impacts on such target group could be seen the best, when divided according to age. The younger generations will make new friends, and learn new things in the art workshops. Moreover, they will get to know what benefits the EU brings to them, and what it prepares for them for the future. Due to this, their status will be strengthened within the partnership, and conditions for their raised interest in the EU will be created, too. Concerning adults, the project will be beneficial by spreading information on the EU benefits and values. Adults will be active in fulfilling the needs of the partnership and starting new friendships. By discovering the cultural and linguistic environment of the partnership, they will know each other better. Furthermore, breaking prejudices against minorities will be supported. The importance of the event to seniors rises with the possibility to gain the information on active ageing in other countries, together with the interesting information on how the other countries have dealt with the COVID-19 pandemic. To reach the project impacts on the target group it is necessary they are all actively participating in the activities. All age categories will participate, as well as men and women in an equal ratio.

### 3.2 Communication, dissemination and visibility

#### Communication, dissemination and visibility of funding

*Describe the communication and dissemination activities which are planned in order to promote the activities/results and maximise the impact (to whom, which format, how many, etc.). Clarify how you will reach the target groups, relevant stakeholders, policymakers and the general public and explain the choice of the dissemination channels.*

*Describe how the visibility of EU funding will be ensured.*

*Communication and dissemination activities should also contribute to the promotion of gender equality and non-discrimination. Communication materials should use gender inclusive language and positive visual representations. E.g.: When developing videos or leaflets ensure that women and men, in all their diversity, are equally represented in a non-stereotypical fashion and portrayed in active empowered roles. In addition, consider using communication channels that they are accessible to general audience, in particular to persons with disabilities, or people from marginalised groups.*

The communication plan is based on a connection of the project promotion and dissemination of its results. Due to this, a transfer of the results to direct participants and the wide public will be reached. Therefore, we may perceive the promotion as a main mean of dissemination. Distribution of the project results by participants and the media is the second mean.

The project promotion will use the following methods: print, audio, audiovisual and internet media. Concerning the print media, invitations and posters will be prepared. This is the most common and the most used form of promotion and communication with target groups. Mainly for the older people, this is the most used form of gaining information. Invitations and posters will include the event programme, including venues and times of the individual activities. There will be all language versions prepared. The municipality of Tomášikovo is responsible for their preparation, while the partner municipalities will ensure their distribution among their citizens. The audio medium is represented by the local radio in the municipality of Tomášikovo. This mean will be used before the project and during its course. Programmes will be broadcasted, within which citizens and participants will gain information about the programme and its possible changes. The audiovisual medium will be used after the project in a form of a commemorative souvenir for participants. It will include reports from the individual activities in an audio as well as visual format. The video recordings will be shared on the Video DVD, prepared by the municipality of Tomášikovo and the partner municipalities will ensure their distribution. Internet is the last mean of promotion. The subsite will be created on the website of the municipality of Tomášikovo for the project presentation. All information about the project (e.g. its programme, invitation, poster, photo gallery, video, final report and an information list) will be shared there. Also Event Description Sheet will be published here. The programme will be shared also on the websites of the partner municipalities.

A press conference in the beginning of the event will be a part of the communication activities. The project coordinator will present the project to the present citizens and media, together with its aims and planned and expected results, and the financial support by the CERV Programme.

Creating a handbook with opinions of citizens is an untraditional form of dissemination. This publication will include ideas and opinions of citizens on the EU, partnership and the project.

Communication means:

- invitations – together 750 pieces, issued in languages of the partners, 6 weeks before the

project implementation

- posters - together 100 pieces, issued in languages of the partners, 6 weeks before the project implementation
- website – together 1 piece, created as a subsite on the website of the municipality of Tomášikovo, created before the project implementation
- press conference – 1 piece, implemented in the beginning of the project implementation
- DVD – together 750 pieces, issued 6 weeks before the project implementation

Every issued promoting material, either offline or online, will contain the EU flag and other requisites concerning the grant decision. These will refer to the EU support for the project. The EU flag or rather the EU flag with the text 'Co-financed by the EU programme Citizens, Equality, Rights and Values' will be placed on all the venues of the project implementation. Except this, the EU support will be emphasised also during the opening and closing ceremony. Due to this, organizers will remind the present public that the project is co-financed by the European Union. The issued printed materials – leaflets and posters, and advertising souvenirs will also contain the EU flag with the text, as well as the printed media and the website. Due to the above mentioned means of communication, the information about the EU financial support for the project will reach the wide public and citizens will be able to know another sphere, which is being supported by the European financial mechanisms.

### 3.3 Sustainability and continuation

#### Sustainability, long-term impact and continuation

*Describe the follow-up of the project after the EU funding ends. How will the project impact be ensured and sustained?*

*What will need to be done? Which parts of the project should be continued or maintained? How will this be achieved? Which resources will be necessary to continue the project? How will the results be used?*

*Are there any possible synergies/complementarities with other (EU funded) activities that can build on the project results?*

Distribution of the project results among the wide public via communication means will have a significant multiplication effect. The wide public will consist of citizens from the surrounding municipalities around the municipality of Tomášikovo, who will participate in the project only passively as spectators and still gain information and knowledge about the current issues, the EU and the partner municipalities. Citizens from the partner municipalities, who secondarily reach the project message by their friends, family and acquaintances, participating in the project, are the second significant group. The wide public will reach the project outputs orally and by the issued promoting materials. The project results and outputs will be spread by the above-mentioned form of promotion, disseminated not only in the partner municipalities but also in the surrounding area. It is necessary the wide public knows about the project contributions and thus, the presentation and spreading the European ideas and themes the project opens, will be ensured.

Sustainability of the project results is tightly connected with the existence of all the project partners and their own financial means. The project results will be owned by all the partners. However, the outputs will not be included in property. Their aim is to spread ideas of solidarity, tolerance, multiculturalism and the EU importance. Such ideas will be published in an edited brochure and a website. The municipality of Tomášikovo is responsible for such website. It will be a subsite to the website of the municipality. The rest of the project outputs will be shared by all the partners. By mutual ownership of such outputs, the mutual partnership will be confirmed for the future, too, i.e. all the partners will continue to cooperate in making the mutual project outputs better as well as the partnership, by its enriching with new areas of solutions. The financial sustainability of the project is tightly connected also with personal financial means of the individual partners. Thus, we may assume that the partners have ensured sufficient personal means for financing the partnership in the future, too.

After the co-financing from the EU funds as well as from the personal means, the partnership will be renewed. The partners will mutually recast the partnership towards an active base for an exchange of information and experience. Creation of friendship among citizens will also help the sustainability. Thus, the partnership will be able to work not only due to the representatives of the municipalities, but also due to friendships of citizens. They themselves will be curious, when the partnership will move towards other mutual projects and events. The partners will hence be pushed to seek solutions and means for the continuation of the partnership as well as for the sustainability of the project results and outputs.

Strengthening the partnership, which has been stagnating, is a long-term project impact. The partners will gain an opportunity to cooperate again and thus lay foundations for making new friendships among citizens. The EU will perform as an intermediary.

The continuation of the project is seen in an intensive form of an information, experience and good practices exchange. For the future, another event will be planned with participation of a wide range of organizations from the civil life from the partner municipalities. While now the project focuses on pointing to the cultural and language diversity, which helps breaking the barriers among nations, in the future, the focus will be set on forming civil society. Enlargement of the partnership by other municipalities is also possible.

## 4. WORK PLAN, WORK PACKAGES, TIMING AND SUBCONTRACTING

### 4.1 Work plan

#### Work plan

*Provide a brief description of the overall structure of the work plan (list of work packages or graphical presentation (Pert chart or similar)).*

The work plan will consist of one work package, as only one event will be implemented within the project. The structure of the plan consists of the following activities:

#### Friday, 07/07/2023

- 14.00 Press conference at the beginning of the project implementation
- 15.00 Exhibition of photographs on the theme of "the COVID-19 pandemic and the crisis in the east"
- 16.00 Life in the corona times – a debate on the impacts of the COVID-19 pandemic on the local communities
- 18.00 Presentation of the document "Union of Equality: EU Roma strategic framework on equality, inclusion and participation"
- 20.00 Social evening with the Roma minority and their culture

#### Saturday, 08/07/2023

- 09.00 Information stand on the EU with Europe Direct
- 10.00 Fun with EuropeDirect – interactive games on the EU in the park of a manor house
- 11.00 Arena of success – a debate with the successful representatives of the Roma community, motivation for the young Romany
- 13.00 Future of the European Union lies in us – a presentation of the EU achievements, a discussion on the future of the EU
- 15.00 Call for equality – a workshop on the work with minorities, a presentation of the non-profit organizations as eduRoma and the civil association Way out (Cesta von), dedicated to the Roma minority
- 17.00 Cultural richness of the nations of Europe
- 20.00 Social evening

#### Sunday, 09/07/2023

- 09.00 Holy Mass
- 11.00 European solidarity – a forum on the current challenges for the European Union
- 13.00 The young in Europe – a workshop on the EU, learning about its benefits, conclusions from the Conference on the future of Europe for the young
- 15.00 Creative workshops – discovering traditions of ancestors
- 17.00 Developing the partnership – a workshop on building the partnership on the basis of solidarity
- 18:00 Goodbye in five languages of the partnership

### 4.3 Timetable

<b>Timetable (projects up to 2 years)</b> <i>Fill in cells in beige to show the duration of activities. Repeat lines/columns as necessary.</i> <b>Note:</b> Use the project month numbers instead of calendar months. Month 1 marks always the start of the project. In the timeline you should indicate the timing of each activity per WP.																								
ACTIVITY	MONTHS																							
	M 1	M 2	M 3	M 4	M 5	M 6	M 7	M 8	M 9	M 10	M 11	M 12	M 13	M 14	M 15	M 16	M 17	M 18	M 19	M 20	M 21	M 22	M 23	M 24
<b>Task 1.1</b> - Press conference at the beginning of the project implementation																								
<b>Task 1.2</b> - Exhibition of photographs on the theme of "the COVID-19 pandemic and the crisis in the east"																								
<b>Task 1.3</b> - Life in the corona times – a debate on the impacts of the COVID-19 pandemic on the local communities																								
<b>Task 1.4</b> - Presentation of the document "Union of Equality: EU Roma strategic framework on equality, inclusion and participation"																								
<b>Task 1.5</b> - Social evening with the Roma minority and their culture																								
<b>Task 1.6</b> - Information stand on the EU with Europe Direct																								

[illegible]

the Conference on the future of Europe for the young																								
<b>Task 1.16</b> - Creative workshops – discovering traditions of ancestors																								
<b>Task 1.17</b> - Developing the partnership – a workshop on building the partnership on the basis of solidarity																								
<b>Task 1.18</b> - Goodbye in five languages of the partnership																								

#### 4.4 Subcontracting

Subcontracting						
<p>Give details on subcontracted project tasks (if any) and explain the reasons why (as opposed to direct implementation by the Beneficiaries/Affiliated Entities).</p> <p>Subcontracting — Subcontracting means the implementation of ‘action tasks’, i.e. specific tasks which are part of the EU grant and are described in Annex 1 of the Grant Agreement.</p> <p><b>Note:</b> Subcontracting concerns the outsourcing of a part of the project to a party outside the consortium. It is not simply about purchasing goods or services. We normally expect that the participants have sufficient operational capacity to implement the project activities themselves. Subcontracting should therefore be exceptional.</p> <p>Include only subcontracts that comply with the rules (i.e. best value for money and no conflict of interest; no subcontracting of coordinator tasks). Make sure that subcontractors are aware of the principles of gender mainstreaming and non-discrimination mainstreaming.</p>						
Work Package No	Subcontract No (continuous numbering linked to WP)	Subcontract Name (subcontracted action tasks)	Description (including task number and BEN to which it is linked)	Estimated Costs (EUR)	Justification (why is subcontracting necessary?)	Best-Value-for-Money (how do you intend to ensure it?)
	S1.1					
	S1.2					
<p>Other issues:</p> <p>If subcontracting for the project goes beyond 30% of the total eligible costs, give specific reasons.</p>			<p>Insert text</p>			

## 5. OTHER

### 5.1 Ethics and EU values

#### Ethics and EU values

*Describe ethics issues that may arise during the project implementation and the measures you intend to take to solve/avoid them.*

*Describe how you will ensure gender and non-discrimination mainstreaming in the project cycle. This means integrating gender equality and non-discrimination considerations in the design, implementation, monitoring and evaluation of project activities. Projects activities should be pro-active and contribute to the equal empowerment of women and men, girls and boys, in all their diversity, and ensure that they achieve their full potential, enjoy the same rights and opportunities. Gender and non-discrimination mainstreaming are a key mechanism for achieving gender equality and combating multiple and intersecting discrimination. In the delivery of project activities gender mainstreaming shall be ensured by systematically monitoring access, participation, and benefits among different genders, and by incorporating remedial action that redresses any gender inequalities and discriminatory effects in implementation of planned activities. The activities shall also seek to reduce levels of discrimination suffered by particular groups (as well as those at risk of multiple discrimination) and to improve equality outcomes for individuals.*

*If your project has a direct or indirect impact on children and their rights, indicate it clearly here. Make sure that your project is based on a child rights approach, i.e. that all the rights of the EU Charter of Fundamental Rights and the United Nations Convention on the Rights of the Child (UNCRC) and the Optional protocols, are promoted, respected, protected and fulfilled. The project should address children as rights holders and should ensure their participation in the design and implementation of the project. If you will have direct contacts with children you will have to provide a child protection policies in line with the [Keeping Children Safe Child Safeguarding Standards](#).*

*Explain how you intend to address privacy/data protection issues related to data collection, analysis and dissemination.*

*Outline measures to be taken and the policies in place to guarantee full compliance with the EU values mentioned in Article 2 of the Treaty on the European Union and Article 21 of the EU Charter of Fundamental Rights.*

The project is focused on providing a view on the EU functioning, however, not on the institutions but on its impacts on lives of citizens. Due to this, the answer to the question of what it is like to be a European will be reached. A European professes values of freedom, solidarity, tolerance, democracy, non-discrimination, and gender equality. These elements are integrated also into the project implementation. Within the activities, it will be ensured that all the participants will participate equally, without any difference. The group of participants will consist of citizens from the partner municipalities of all age categories and sex. Within the project, ethical questions will not be put to the centre of attention. The aim is to provide every citizen from each partner municipality with an opportunity to meet new people, make new friendships, learn new language, or get to know new culture. Moreover, knowing the EU and its importance is provided for everyone. Participation in every activity is voluntary – everyone could decide (a woman, man, senior or the young) whether to participate in the activity or not. Due to this, equality of opportunities will be provided and elements of discrimination will be eliminated.

Children will become one category of participants, too. Special activities as e.g. creative workshops and a presentation of Europe will be created for them. Within the bounds of their abilities, children will participate also in other activities. That is why the project has an impact on them, too. It is a positive impact, mainly on finding new friends and knowing new things. Participation of children will follow the documents of fundamental rights of children at the European and world level. Coordinator and all project partners will create space, where children, who are attending the project, are kept safe. Children will be always accompanied by their parents e.g. professional lector, who will be responsible for their safety. Activity Fun with EuropeDirect - interactive EU-themed games in the manor park will be especially designed for children. They will solve games together with their parents.

### 5.2 Security

#### Security

Not applicable.

## 6. DECLARATIONS

Double funding	
Information concerning other EU grants for this project	YES/NO
<p> Please note that there is a strict prohibition of double funding from the EU budget (except under EU Synergies actions).</p>	
<p>We confirm that to our best knowledge neither the project as a whole nor any parts of it have benefitted from any other EU grant (including EU funding managed by authorities in EU Member States or other funding bodies, e.g. Erasmus, EU Regional Funds, EU Agricultural Funds, European Investment Bank, etc). If NO, explain and provide details.</p>	YES
<p>We confirm that to our best knowledge neither the project as a whole nor any parts of it are (nor will be) submitted for any other EU grant (including EU funding managed by authorities in EU Member States or other funding bodies, e.g. Erasmus, EU Regional Funds, EU Agricultural Funds, European Investment Bank, etc). If NO, explain and provide details.</p>	YES

Financial support to third parties (if applicable)
<p>If in your project the maximum amount per third party will be more than the threshold amount set in the Call document, justify and explain why the higher amount is necessary in order to fulfil your project's objectives.</p>
<p>N/A</p> <p>The financial support is designed for direct participants only – citizens from the partner municipalities of Aba (HU), Naszály (HU), Svitávka (CZ), Borsec (RO), and Kinna (SWE).</p>

## ANNEXES

### LIST OF ANNEXES

#### Standard

Detailed budget table/Calculator (annex 1 to Part B) — *mandatory for Lump Sum Grants (see [Portal Reference Documents](#))*

CVs (annex 2 to Part B) — *mandatory, if required in the Call document*

Annual activity reports (annex 3 to Part B) — *mandatory, if required in the Call document*

List of previous projects (annex 4 to Part B) — *mandatory, if required in the Call document*

#### Special

Other annexes (annex 5 to Part B) — *mandatory, if required in the Call document*

The consortium hereby confirms that:

The information provided is complete, reliable and true.

The lump sum contributions declared are eligible (in particular, the work packages have been completed and the work has been properly implemented and/or the results were achieved; see Article 6).

The proper implementation of the action/achievement of the results can be substantiated by adequate records and supporting documentation that will be produced upon request or in the context of checks, reviews, audits and investigations (see Articles 19, 21 and 25).

## **ANNEX 5**

### **SPECIFIC RULES**

#### **INTELLECTUAL PROPERTY RIGHTS (IPR) — BACKGROUND AND RESULTS — ACCESS RIGHTS AND RIGHTS OF USE (— ARTICLE 16)**

##### **Rights of use of the granting authority on results for information, communication, dissemination and publicity purposes**

The granting authority also has the right to exploit non-sensitive results of the action for information, communication, dissemination and publicity purposes, using any of the following modes:

- **use for its own purposes** (in particular, making them available to persons working for the granting authority or any other EU service (including institutions, bodies, offices, agencies, etc.) or EU Member State institution or body; copying or reproducing them in whole or in part, in unlimited numbers; and communication through press information services)
- **distribution to the public** in hard copies, in electronic or digital format, on the internet including social networks, as a downloadable or non-downloadable file
- **editing** or **redrafting** (including shortening, summarising, changing, correcting, cutting, inserting elements (e.g. meta-data, legends or other graphic, visual, audio or text elements extracting parts (e.g. audio or video files), dividing into parts or use in a compilation
- **translation** (including inserting subtitles/dubbing) in all official languages of EU
- **storage** in paper, electronic or other form
- **archiving** in line with applicable document-management rules
- the right to authorise **third parties** to act on its behalf or sub-license to third parties, including if there is licensed background, any of the rights or modes of exploitation set out in this provision
- **processing**, analysing, aggregating the results and **producing derivative works**
- **disseminating** the results in widely accessible databases or indexes (such as through ‘open access’ or ‘open data’ portals or similar repositories, whether free of charge or not.

The beneficiaries must ensure these rights of use for the whole duration they are protected by industrial or intellectual property rights.

If results are subject to moral rights or third party rights (including intellectual property rights or rights of natural persons on their image and voice), the beneficiaries must ensure that they

comply with their obligations under this Agreement (in particular, by obtaining the necessary licences and authorisations from the rights holders concerned).

## **COMMUNICATION, DISSEMINATION AND VISIBILITY (— ARTICLE 17)**

### **Additional communication and dissemination activities**

The beneficiaries must engage in the following additional communication and dissemination activities:

- present the project (including project summary, coordinator contact details, list of participants, European flag and funding statement and project results) on the beneficiaries' websites or social media accounts
- for actions involving **publications**, mention the action and the European flag and funding statement on the cover or the first pages following the editor's mention
- for actions involving public **events**, display signs and posters mentioning the action and the European flag and funding statement
- upload the public **project results** to the Rights and Values Project Results platform, available through the Funding & Tenders Portal.

This electronic receipt is a digitally signed version of the document submitted by your organisation. Both the content of the document and a set of metadata have been digitally sealed.

This digital signature mechanism, using a public-private key pair mechanism, uniquely binds this eReceipt to the modules of the Funding & Tenders Portal of the European Commission, to the transaction for which it was generated and ensures its full integrity. Therefore a complete digitally signed trail of the transaction is available both for your organisation and for the issuer of the eReceipt.

Any attempt to modify the content will lead to a break of the integrity of the electronic signature, which can be verified at any time by clicking on the eReceipt validation symbol.

More info about eReceipts can be found in the FAQ page of the Funding & Tenders Portal.

(<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/support/faq>)
